(Back-English)

**PRECAUTIONS:** Use ONLY in well-ventilated area, preferable outdoors. **DO NOT** allow product to contact non-target surfaces. **HUMANS: KEEP OUT OF THE REACH OF CHILDREN.** Avoid contact with treated animals until dried. Harmful if swallowed. Avoid breathing vapors. Wash hands after use. **PETS:** When treating animals, do not spray in face, eyes, or on genitalia. Consult a veterinarian before use on pregnant animals, sick animals, or animals under drug or other pesticide treatment. Do not use on nursing animals or on animals under 8 weeks of age. Discontinue use if adverse effects are observed.

**FIRST AID:**

**HUMANS: If swallowed,** call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. **If in eyes,** hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If on skin or clothing,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. **If inhaled,** move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

**PETS:** Sensitivities may occur after using ANY pesticide for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical or veterinary attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**DIRECTIONS FOR USE:**

TO KILL FLEAS AND TICKS ON DOGS, PUPPIES, CATS AND KITTENS.

**DO NOT** apply to surfaces that may come into contact with food/feed. Cover or remove all food/feed. Cover all food/feed processing surfaces, equipment and utensils or thoroughly wash following treatment.

**SHAKE WELL BEFORE USING**

Spray animal from a distance of 15-30 centimeters. Ruffle the coat and spray against the lay of the hair, until entire coat is wet. The spray should wet ticks thoroughly. Allow hair coat to dry before brushing or combing. Repeat treatment as necessary, but not more often than once in two days. Thoroughly spray interior of kennel or other sleeping quarters. For effective flea and tick control, treatment of the pet must be combined with the cleanup and sanitation of any area used by the pet. Vacuum floors, carpets, furniture, etc. (discard vacuum bag after use) and wash pet's bedding, living quarters, and surrounding areas. If pest problems persist, an insecticidal premise treatment may be required.

**GROOMS** – Conditions skin and haircoat with emollient oatmeal.

**DEODORIZES** – Imparts a pleasing residual aroma.

**STORAGE** : Store in closed container in a cool, dry area.

**DISPOSAL** : Do not re-use empty container. Wrap and dispose of empty container with household garbage.
