DIRECTIONS FOR USE: SHAKE WELL BEFORE USING. Apply with trigger sprayer enclosed. DO NOT TRANSFER TO ANOTHER CONTAINER.

SPIDERBAN® is an effective product to control spiders around the home.

DIRECTIONS: Hold container approximately 30 cm from surface being sprayed and spray until wet.

INDOOR SPIDER CONTROL: Apply as a spot treatment using a coarse spray on surfaces, along base boards and behind fixtures where spiders are a problem. Repeat if re-infestation occurs. Do not use as a space spray or broadcast application. Provide adequate ventilation after indoor use.

OUTDOOR SPIDER CONTROL: Apply as a coarse spray under eavestroughs, along siding, underneath porches or wherever spiders congregate. Treatment of the webs will improve the results.

Directions for use of trigger spray:

1. Remove sprayer from re-usable bag. Put on plastic gloves.
2. Unscrew cap from container and retain in plastic bag.
3. Place tube through hole in cap, then insert tube into bottle and screw on cap.
4. Open nozzle about one turn.
5. Point sprayer at desired area, and pump trigger until spray begins.
6. Adjust nozzle as desired, - fine stream for spot treatment, wide mist for broad application.
7. When temporarily not in use, keep trigger sprayer above liquid level of container to prevent leakage from nozzle.
8. To store, remove sprayer and carefully drain tube into bottle by squeezing trigger. Reseal container with original cap.
9. Rinse sprayer tube and gloves with clear water before storing in the plastic bag supplied.

NOTE: Trigger Sprayer is to be used only for this product.

REMEMBER ... ALWAYS STORE PESTICIDES, CAPS, SPRAYERS AND RELATED EQUIPMENT OUT OF REACH OF CHILDREN AND PETS.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Wash thoroughly after handling and before smoking or eating. Avoid contamination of food, feed, cooking utensils or drinking water. Remove pets and birds and cover fish aquarium before surface applications. After use and at least one (1) hour drying time, wash all surfaces that may contact food. Do not use on humans. Do not allow people or pets to contact treated areas until surfaces are dry. This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to lakes, rivers, streams, ponds, tidal marshes and estuaries. Do not contaminate the above mentioned aquatic areas through spray drift, cleaning of equipment or disposal of waste. This product is highly toxic to bees exposed to direct treatment or to residues remaining on the treated area.

FIRST AID: **If in eyes**, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If on skin or clothing**, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. **If swallowed**, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person. Take container, label or product name and P.C.P. Registration Number with you when seeking medical attention.

DISPOSAL: Do not reuse container. Wrap in several layers of newspaper and discard in trash.

For additional product information or in case of emergency, spills or fire, call toll-free 1-800-268-2806.
