SECONDARY PANEL

GENERAL INFORMATION

Denatonium benzoate, an extremely bitter lignocaine derivative has been used worldwide for deterring ingestion of toxic products for many years. In humans, it can be detected as a slightly bitter taste at 30ppb, and at 10-20ppm imparts an extremely unpleasant bitter taste. Accordingly, care to avoid contact through oral and inhalation routes with the dust of this almost pure product must be taken during the formulation process.

DIRECTIONS FOR USE

To be used only in the manufacture of an animal end use repellent, which is registered under the PEST CONTROL PRODUCTS ACT.

FIRST AID

- IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.
- IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.
- IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.
- IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Treat symptomatically.

PRECAUTIONS

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL.

Harmful if swallowed, inhaled or absorbed through skin. May cause skin and eye irritation. Potential skin sensitizer. Avoid contact with eyes, skin and clothing. Do not inhale vapors or dust. Wear a hat, long sleeve coveralls, rubber boots, chemical-resistant gloves and a dust mask when handling. Wash thoroughly with soap and water after handling and before eating, drinking or smoking or changing into clean clothes. Wash contaminated clothing before re-use with soap and hot water. Do not wear contaminated boots. Do not contaminate irrigation water, lakes, streams or ponds by cleaning of equipment or disposal of wastes.

STORAGE

Keep in original container during storage. Store product in cool, dry, well ventilated place, away from seed, feed, fertilizer or other pesticides. Keep away from fire, or open flame or other source of heat.

DECONTAMINATION AND DISPOSAL

Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For additional details and cleanup of spills, contact the Provincial Regulatory Pesticide Agency or the manufacturer.

NOTICE TO USER

This pest control product is to be used only in accordance with directions on the label. It is an offense under the PEST CONTROL PRODUCTS ACT to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information.
