Western Family™

CLUMPING CAT LITTER FOR MULTIPLE CATS

Western Family™ Clumping Cat Litter for Multiple Cats is created from a blend of Canadian clays. The unique clay blend clumps on contact with waste. Western Family™ Clumping Cat Litter for Multiple Cats contains a moisture-activated scented agent for added freshness and the anti-bacterial agent combats the growth of bacteria.

PRECAUTIONS:

Pregnant or nursing women and people with a suppressed immune system should note that a parasite found in cat feces can cause toxoplasmosis. They should exercise caution and consult a physician before handling a litter box. Always wash hands thoroughly after preparing or cleaning the litter box. For further information, consult your local public health office.

DIRECTIONS FOR USE:

1. Fill a clean, dry litter box with approximately 6 - 8 cm (2 - 3 inches) of Western Family™ Clumping Cat Litter for Multiple Cats.
2. Western Family™ Clumping Cat Litter for Multiple Cats forms solid clumps on contact with cat waste. Scoop out waste daily with a slotted scoop.
3. Add additional Western Family™ Clumping Cat Litter for Multiple Cats to maintain litter depth of approximately 6 - 8 cm (2 - 3 inches).
4. Completely empty and wash litter box once a month or as required.

DISPOSAL:

Dispose of clumps or used and unused cat litter and packaging in accordance with local regulations.

WARNING:

Do not flush cat litter in toilets or dispose of it outdoors in gutters or storm drains, or any other waste water system. Do not use this product as a traction aid. It becomes slippery when wet. Keep the litter away from food preparation.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

CONTAINS:

Ground clay, moisture-activated scented agent.

Store litter package in a dry place
