Blocker's formula contains plant oils.

- For any outdoor occasion, use Blocker and feel confident you and your family are protected.

Blocker's proven effective formula will protect you and your family against mosquito bites for 1 hour and black fly bites for 3 hours.

DIRECTIONS: For external use only. Apply small quantity to exposed skin. Reapply at 1-hour intervals if exposure to mosquitoes continues and at 3-hour intervals if exposure to black flies continues. Do not apply to lips and keep out of eyes. Do not apply to hands of young children. After returning indoors, wash treated skin with soap and water.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Irritating to eyes and lips. Avoid contact with these areas. This product may cause irritation, rash, or similar allergic reaction to skin of sensitive individuals.

FIRST AID: If in eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If irritation, rash, or similar allergic reactions should occur discontinue use immediately. Wash affected areas with soap and water. If irritation persists obtain medical attention. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

STORAGE: To prevent contamination store this product away from food or feed.

DISPOSAL: DO NOT reuse the empty containers. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.
