MTC-10CW

INDUSTRIAL

READ THE LABEL BEFORE USING

REGISTRATION NO. : 27354
PEST CONTROL PRODUCTS ACT

GUARANTEE:

Methylene bis(thiocyanate) 10 % (by weight)

DANGER

POISON

CORROSIVE TO EYES

POTENTIAL SKIN SENSITIZER

NET CONTENTS: Liters

ENVIRONMENTAL HAZARDS: This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product. Do not contaminate water, food, or feed by storage or disposal.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

24-HOURS EMERGENCY TELEPHONE NUMBER:
1-450-424-4404

MTC-10CW is a broad spectrum liquid microbicide.

DIRECTIONS FOR USE

PULP AND PAPER MILLS

For the control of bacterial and fungal slime, add MTC-10CW to the stock or white water at a rate of 25 to 500 grams per tonne of pulp or paper produced. Addition can be made intermittently or continuously, as required to control slime. Not for use in the production of paper or paperboard that comes into contact with food.

COOLING WATER SYSTEMS

For the control of algae, bacteria, and fungi in commercial and industrial cooling water systems, add MTC-10CW as follows:

Initial dose: 40 - 80 mL per 1,000 L water in the system.

Maintenance dose: Every 2 to 5 days or as needed, 5 - 25 mL per 1,000 L of water in the system.

PRECAUTIONS

DANGER KEEP OUT OF REACH OF CHILDREN

DANGER: POTENTIAL SKIN SENSITIZER. Corrosive, causes eye and skin damage. Harmful if swallowed. Wear a full-face NIOSH-approved respirator, chemical-resistant gloves, long pants, a long-sleeved shirt, safety shoes plus socks and a chemical-resistant apron and safety glasses or face shield during mixing/loading, clean-up and repair activities. Avoid contact with eyes, skin, clothing, or the contamination of food. Users should wash hands and face before eating, drinking, chewing gum, and when using tobacco or the toilet. Keep away from open flame. Users should remove clothing/protective equipment immediately if this product comes in contact with the skin through soaked clothing or spills. Then, thoroughly wash the skin and put on a clean clothing. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with the concentrate of this product. Do not re-use them. Keep the container closed when not in use.

Do not apply by open pouring of the liquid to cooling water systems; a metering pump is required for this use.

FIRST AID

Eye: If in eyes, flush with water for at least 15 minutes. Get medical attention. If swallowed, do not induce vomiting. Get medical attention.

Skin: If on skin, remove contaminated clothing. Wash skin with soap and water. If on face, wash with soap and water. Get medical attention.

Inhalation: If inhaled, move to fresh air. If breathing is difficult, get medical attention. If symptoms persist, get medical attention.

TOXICOLOGICAL INFORMATION: Note to physician: Probable mucosal damage following ingestion may contraindicate gastric lavage. This product contains petroleum distillates.

DISPOSAL

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

For information on disposal of unused, unwanted product, contact the manufacturer or the Provincial Regulatory Agency. Contact the manufacturer and the Provincial Regulatory Agency in case of a spill, and for clean-up of spills.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label.
