Dantobrom TBS is a new form of brominating hydantoin for toilet bowls. When used as directed, Dantobrom TBS will sanitize toilet bowl water, keeping it clean, clear and free of odour. Dantobrom TBS gives the effectiveness of chlorine without the chlorine odour. Dantobrom TBS sanitizes toilet bowl water by killing 99.9% of all germs within one minute after each flush. Each tablet sanitizes for 7 weeks. Eliminates 99.9% of germs within one minute after each flush.

For best results, clean toilet thoroughly first, including under the rim. Do not touch tablet directly. Remove tank cover and cut open package.

**DIRECTIONS FOR USE:**

**DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning equipment or disposal of wastes.

To Clean, Deodorize and Sanitize:

Flush toilet. When water level is low, drop tablet in tank near side wall closest to float and away from water valve opening or right rear corner of the tank. When tablet has dissolved, replace with a new tablet. Each tablet sanitizes for 7 weeks.

**PRECAUTIONS:**

KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. HIGHLY CORROSIVE. DO NOT TAKE INTERNALLY. Irritating to nose and throat. Avoid breathing dust. Use with adequate ventilation. Corrosive to the eye and skin. Do not get into eyes, on skin or clothing. Potential skin sensitizer. It is recommended to wear rubber gloves and goggles when handling the product. Wash thoroughly after handling.

**FIRST AID:**

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

**If swallowed:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:**

Probable mucosal damage may contraindicate the use of gastric lavage. Treat symptomatically.

**PHYSICAL AND CHEMICAL HAZARDS:**

Strong oxidizing agents. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. In case of contamination or decomposition do not reseal container. If possible, isolate container in open air or well ventilated area, if necessary flood with large volumes of water.

**STORAGE:** Store in original container, in a cool, dry, well-ventilated area, inaccessible to small children. Do not store at elevated temperatures.

**DISPOSAL:** Discard empty container in household trash. Do not reuse package. Empty any residue material into the toilet and flush.
