**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.** Harmful if swallowed. Do not mix with any other chemical. Avoid contact with skin and eyes. Wear rubber gloves when handling this concentrate.

#### FIRST AID:

**IF SWALLOWED:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**IN CASE OF EMERGENCY CALL: 1-800-654-6911**

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**WHY YOU SHOULD USE THIS PRODUCT:**

This product when used regularly will prevent the growth of algae. For best results, use with other HTH® pool care products. For crystal clear pool water, follow our 4-step pool care program.

- Step 1: Test and balance water
- Step 2: Sanitize
- Step 3: Shock regularly
- Step 4: Add algaecide as directed

**DIRECTIONS FOR USE:**

**Initial Dosage:** Add 200 mL of **HTH Algae Guard™ 10** per 10,000 litres of pool water, when filling pool at the beginning of the season.

**Maintenance Dosage:** Add 100 mL of **HTH Algae Guard 10** per 10,000 litres of pool water weekly. If high temperatures prevail or pool has unusually heavy use, add maintenance dose more frequently. If make-up water is added at the rate of more than 10% of pool capacity per week, add 100 mL per 10,000 liters of fresh make-up water added per week.

**Visible Algae Dosage:**

If pool has slight visible algae growth, brush pool surface where algae is present and treat with 500mL of HTH Algae Guard 10 per 10,000 litres of pool water. Vacuum pool after 24 hours to remove algae debris. If visible algae are still present or re-appear, repeat this treatment as necessary.

When pool is free of visible algae, use the “Maintenance Dose” as above.

DO NOT apply when swimmers are in the immediate vicinity (a 15-minute restricted-entry interval is recommended).

**STORAGE:** Keep container closed when not in use. Store in a cool, dry, well-ventilated location. Do not contaminate food or feed by storage or disposal or cleaning of equipment.

**DISPOSAL:** Rinse container thoroughly before discarding. Do not reuse empty container. Offer for recycling if available, or dispose in accordance with local and provincial regulations. For information on the disposal of unused, unwanted product, contact the manufacturer or provincial regulatory agency. Contact the manufacturer or provincial regulatory agency in case of a spill, and for clean-up of spills.
