Shoots 4 metres  
Electrically non-conducting\*

PRESSURIZED SPRAY / DOMESTIC  
KEEP OUT OF REACH OF CHILDREN  
READ THE LABEL BEFORE USING  
\*Dielectric breakdown voltage of 32,500 volts

400 g

DANGER

EXTREMELY FLAMMABLE

EXPLOSIVE

S.C. Johnson  
A Family Company (logo)

Kills wasps and hornets on contact. Kills larvae and pupae in nests. Poisons the nest. For other flying insect solutions, use Raid® Double Action Mosquit and Fly Killer and Raid® Mosquito Coils.

**DIRECTIONS FOR USE:** FOR OUTDOOR USE ONLY: Hold can as upright as possible while spraying. Stand safe distance from nest (2 to 4 m) and aim nozzle towards nest, with wind at your back. Spray until nest is thoroughly wet, directly hitting resting wasps or hornets. Best time to spray is early morning or evening as wasps and hornets congregate in nests at night. Not a space spray. Do not spray insects while they are flying. Do not stand directly under the nest. Avoid direct spraying on vegetation. Avoid excessive wetting of asphalt materials.

**PRECAUTIONS:** KEEP OUT OF REACH OF CHILDREN. Harmful or fatal if swallowed. Harmful if inhaled or absorbed through the skin. Do not directly spray toward face. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Do not smoke while using. Do not apply to humans, pets or contaminate feed, foodstuffs, dishes or utensils. Wash hands thoroughly after use. CONTENTS UNDER PRESSURE. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture or incinerate container or store at temperatures over 50°C. This product is toxic to fish and aquatic invertebrates. Do not apply to, allow drift or dispose of product in lakes, rivers, streams or ponds. Direct treatment or residues of this product are highly toxic to bees. Applications should be timed to provide the maximum possible interval between treatment and the next period of bee activity.

**FIRST AID:** If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically. Contains petroleum distillate.

**DISPOSAL:** When empty press button to release pressure, wrap and dispose of in household garbage.

**GUARANTEE:** Permethrin 0.2%, Tetramethrin 0.2%. REG. NO. 25741 P.C.P. ACT.
