(Secondary Panel)
CO-OP® MULTI-CAT
SCENTED
ANTI-BACTERIAL
CAT LITTER

PRECAUTIONS:

Pregnant or nursing women and people with a suppressed immune system should note that a parasite found in cat feces can cause toxoplasmosis. They should exercise caution and consult a physician before handling a litter box. Always wash hands thoroughly after preparing or cleaning a litter box. For further information, consult your local public health office.

Encourage your cat's good habits by providing it with a sanitary, well kept litter box.

DIRECTIONS FOR USE:

1. Pour 5 to 8 cm (2 to 3 inches) of CO-OP MULTI-CAT Scented Anti-bacterial Cat Litter absorbent into the litter box.
2. To minimize odours, remove the waste daily and replace with small amounts of fresh cat litter absorbent as needed.
3. Once a week replace all the litter absorbent.
4. Completely clean out and wash litter box once a month.

DISPOSAL:

Dispose of used or unused cat litter and packaging in accordance with local regulations.

WARNING:

Do not flush cat litter in toilets or dispose of it outdoors in gutters or storm drains, or any other water waste system. Keep the litter away from food preparation.

TOXICOLOGICAL INFORMATION : Treat symptomatically.

CONTENTS: ground clay, moisture-activated scenting agent

Tested and approved by our Co-op laboratory

Satisfaction guaranteed or money refunded
