DIRECTIONS:

For control of wasps, hornets and yellow jackets, remove protective cap and point nozzle in direction of wasp nest or at the insect. Press the nozzle and completely saturate the nest from a distance up to 5 metres. Allow sufficient time for insects to die. Application to wasp nests should be made in late evening or early morning when insects are at rest.

LIMITATIONS:

Do not use inside homes, on humans or animals. Do not use as a space spray.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. May be harmful if swallowed, inhaled or absorbed through skin. Provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. Avoid breathing spray mist. Wash thoroughly with soap and warm water after using. Do not let children or pets to contact treated areas until surfaces are thoroughly dry. Do not contaminate food, utensils, food preparation, handling or storage areas. Toxic to bees, fish and wildlife. Do not contaminate any body of water. Do not contaminate animal feeding areas. Contents under pressure. Do not place in hot water or near radiators, stoves or others sources of heat, or store or use above 50°C as container may burst. Do not puncture or incinerate container or spray near open flame or spark, or while smoking. Do not spray asphalt shingles, as this product may stain them.

FIRST AID INSTRUCTIONS:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: This product contains petroleum distillates. Vomiting may cause aspiration pneumonia. Treat symptomatically.

DISPOSAL: When container is empty, press button to release all pressure, then dispose in household garbage. Do not puncture or incinerate.
