PRECAUTIONS:

POTENTIAL SKIN SENSITIZER.

- Wear goggles or a face shield, chemical-resistant gloves, long pants, a long sleeved-shirt, shoes and socks during mixing/loading, clean up and repair.
- Formaldehyde can be released during use of this product. It is recommended that this product not be used in circumstances that would result in formaldehyde air concentrations in the workplace exceeding the exposure levels established by occupational health and safety authorities in your jurisdiction. If values exceed this level, it is recommended that NIOSH approved respiratory protection be worn.
- Severe eye and skin irritant. Avoid ingestion, inhalation, or contact with skin, eyes or clothing.
- Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Users should remove clothing/protective equipment immediately if pesticide comes in contact with skin through soaked clothing or spills. Then wash skin thoroughly and put on clean clothing and required protective equipment prior to resuming your previous work activity.
- Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.
- Store away from:
 - a) Oxidizing materials
 - b) Heat and sources of ignition
 - c) Food and food containers.
- Avoid contact with metals.

FIRST AID:

In case of contact with skin or eyes, give prolonged irrigation with water for 15 minutes. For eye contact, get medical attention IMMEDIATELY. If on clothes, remove clothes immediately. If breathed in, move person to fresh air. If swallowed, drink 2 or 3 glasses of milk or water. Do not induce vomiting. Call a physician or the Poison Control Centre IMMEDIATELY.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

SPILLAGE:

Immediately sweep up and remove, then clean the area with detergent and water.

DISPOSAL:

For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer. For small spills, recover solid. DO NOT FLUSH INTO SURFACE STREAMS.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product.

TOXICOLOGICAL INFORMATION:

This product may produce a sensitization response or allergic reaction in some individuals. Treat symptomatically.

DIRECTIONS FOR USE:

In all applications, cut or tear open the outer bag to expel the WATER SOLUBLE PAK into the system in areas specified below:

Oilfield applications: Use 100 ppm active ingredient based on the water content of the system until control is achieved. Maintenance dosage : 10-25 ppm.

Paper Mills:

Irgacide PT 938 should be used at 30-50 g per tonne of dry paper produced at least once per day.

Oil Storage Tanks: Cut or tear open the outer bag and drop WATER SOLUBLE PAK through thief hatch.

Heat Exchangers, Cooling Towers, Condensers, Air Washers:

Pre-clean heavily fouled systems (e.g. with chlorine). Shock dosages of 100 ppm based on the water content of the system may be used until control is achieved. Maintenance dosage: 15-50 ppm. Cut or tear open the outer bag to expel the WATER SOLUBLE PAK directly into the sump of the system at a convenient point.

IN ALL CASES AVOID SKIN CONTACT. WEAR CHEMICAL RESISTANT GLOVES.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
