**PRIORITY TOTAL PET CARE™
MULTIPLE CAT ANTI-BACTERIAL
SCENTED SCOOPABLE
CAT LITTER**

Priority Total Pet Care Multiple Cat Anti-bacterial Scented Scoopable Cat Litter lets you scoop odours away, leaving your cat's litter box clean and fresh. Its special clumping granules quickly absorb liquid while lasting weeks longer than conventional litter. Priority Total Pet Care Multiple Cat Anti-bacterial Scented Scoopable Cat Litter contains an anti-bacterial agent to reduce the growth of odour causing bacteria in the litter box.

PRECAUTIONS: Pregnant or nursing women and people with a suppressed immune system should note that a parasite found in cat feces can cause toxoplasmosis. They should exercise caution and consult a physician before handling a litter box. Always wash hands thoroughly after preparing or cleaning the litter box. For further information, consult your local public health office.

TOXICOLOGICAL INFORMATION : Treat symptomatically.

DIRECTIONS FOR USE:

1. Fill a clean litter box with at least 8 cm (3") of Priority Total Pet Care Multiple Cat Antibacterial Scented Scoopable Cat Litter.
2. Priority Total Pet Care Multi-Cat Antibacterial Scented Scoopable Cat Litter quickly forms balls around liquid waste for complete, easy removal.
3. Scoop out all clumps daily.
4. Add fresh litter to maintain 8 cm (3") level. Once a month, empty entire litter box.

DISPOSAL:

Dispose of clumps or used and unused cat litter and packaging in accordance with local regulations.

WARNING:

Do not flush cat litter in toilets or dispose of it outdoors in gutters or storm drains, or any other waste water system. Do not use this product as a traction aid. It becomes slippery when wet. Keep the litter away from food preparation.

CONTENTS:

Ground clay, moisture activated scented agent
