**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.

**NOTICE:** Capsicum sprays have proven effective in repelling dogs. Use only as a last resort. There is no guaranteed method of responding to a dog attack.

**DIRECTIONS FOR USE:** FOR OUTDOOR USE ONLY. Capsaicin sprays have been proven effective in repelling aggressive dogs only when sprayed directly into the face, especially in the eyes or on the nose of the animal. This product is only to be used to deter aggressive dogs that are attacking or about to attack people. DO NOT seek out encounters with dogs. There is no guaranteed method of responding to an aggressive dog encounter because each encounter is unique. This product is a dog attack repellent that may protect users in some unexpected confrontations with these animals but may not be effective in all situations or prevent all injuries. This product must be used only as a last resort. DO NOT use this product against people or non-target animals. "DO NOT apply in areas where plants are grown for food or feed (e.g., vegetables, fruit, herbs) or where children play. READ THIS ENTIRE LABEL BEFORE TAKING THIS PRODUCT INTO AREAS WHERE AGGRESSIVE DOGS MIGHT BE ENCOUNTERED. Depress top button, spraying into face and eyes of threatening dog. Spray in a series of short bursts. Spray is most effective at short range (up to 3m). Move away to avoid exposure to spray. DO NOT apply to any body or water.

**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.** Severe irritation to eyes, nose, respiratory and skin areas can occur. Avoid contact with skin and eyes and inhalation of spray. Contents under pressure. Use outside only. Persons with respiratory problems or wearing contact lenses should not use this product. Do not place in hot water or near radiators, stoves or other sources of heat. Do not use in the presence of open flame or spark or while smoking. Do not puncture canister or expose to temperatures above 48°C (118°F). While travelling, do not store in passenger compartment. Contact air carriers for regulations concerning air transport. Wash hands before touching eyes or face and prior to using the washroom. Do not spray this product on objects or humans.

**FIRST AID:** In case of external contact REMAIN CALM. Flush thoroughly with water. DO NOT RUB. Symptoms usually disappear within one hour. If symptoms persist, obtain medical attention or call a Poison Control Centre immediately. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Inhalation may aggravate or initiate asthmatic episodes. Pre-existing skin disorders may be aggravated by exposure to this material.

**DISPOSAL:** When container is empty, press valve to release all remaining pressure. Wrap and discard empty container in household garbage.
