This product is for spraying in the face of aggressive bears only and is not to be used against domestic animals or human beings.

2023-4473
2024-04-24

DIRECTIONS FOR USE: FOR OUTDOOR USE ONLY. Capsaicin sprays have been proven effective in repelling aggressive bears only when sprayed directly into the face, especially in the eyes or on the nose of the animal. This product is only to be used to deter aggressive bears that are attacking or about to attack people. **DO NOT** seek out encounters with bears. There is no guaranteed method of responding to an aggressive bear encounter because each encounter is unique. This product is a bear attack repellent that may protect users in some unexpected confrontations with these animals but may not be effective in all situations or prevent all injuries. Strict attention to the advice of wildlife professionals on safety is advised. This product must be used only as a last resort. Capsaicin sprays will not repel bears from treated objects or areas. **DO NOT** spray objects (e.g., tents, clothing) or areas with this product. **DO NOT** use this product against people or non-target animals. **DO NOT** apply in areas where plants are grown for food or feed (e.g., vegetables, fruit, herbs) or where children play. When threatened by a bear place forefinger through hole in handle. Place thumb in front of safety clip and remove it by lifting up and back. Point nozzle directly toward bear's face. Depress actuator tab for a burst of spray to a maximum of 12 meters. Spray is most effective at short range. Avoid discharging up wind. Move away to avoid exposure to spray. Replace safety clip after use. **READ THIS ENTIRE LABEL BEFORE TAKING THIS PRODUCT INTO AREAS WHERE AGGRESSIVE BEARS MIGHT BE ENCOUNTERED**

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. FOR OUTDOOR USE ONLY. DO NOT apply to any body of water. Capsaicin sprays have been proven effective in repelling aggressive bears only when sprayed directly in the eyes or on the nose. This product should be used only as a last resort. There is no guaranteed method of responding to an aggressive bear encounter, each encounter is unique. Strict attention to the advice of wildlife professionals on safety is advised. Severe irritation to eyes, nose, respiratory, and skin areas can occur. Use only in outdoor areas. Persons with respiratory problems or wearing contact lenses should not use this product. Avoid contact with skin and eyes and avoid inhalation of spray. Wash hands before touching eyes or face and prior to using the washroom. **WHEN TRAVELING DO NOT STORE IN PASSENGER COMPARTMENT.** Contact air carriers for regulations concerning air transport. Contents under pressure. Container may explode if heated. Do not place in hot water or near radiators, stoves or other sources of heat. Do not leave in hot vehicle. For safety and performance, do not store above 50° C or below -15° C. Be careful not to puncture container. **DO NOT INCINERATE THE CONTAINER.** Use of this product for any purpose other than self-defense against aggressive bear attacks is a criminal offense. This product is for spraying the face of aggressive bears only and is not to be used against domestic animals or human beings. Capsaicin sprays will not repel aggressive bears from treated objects or areas. **DO NOT** spray objects (e.g., tents, clothing) or areas with this product.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

2023-4473

2024-04-24

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: When the container is empty, press valve to release all pressure. Dispose of empty container in accordance to Provincial requirements. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.
