POOL DROPS LIQUID ALGICIDE PLUS 6% kills green, mustard algae and black algae growing on the walls of swimming pools. It is not affected by sunlight and it promotes sparkling clean water.

DIRECTIONS FOR USE:

POOL DROPS LIQUID ALGICIDE PLUS 6% prevents algae growth in water. When applied to contaminated pools, POOL DROPS LIQUID ALGICIDE PLUS 6% will kill algae gradually (over several days). An initial and subsequent application of POOL DROPS LIQUID ALGICIDE PLUS 6% is dependent upon the water conditions, amount of algae present and the pool usage.

1. For best results, maintain pH levels between 7.2 and 7.6, Maintain the recommended Total Alkalinity, Calcium Hardness, chlorine (or other disinfectant) and copper levels correctly balanced. Monitor these key water parameters using an adequate test kit.
2. Initial dosage for pool water having no visible algae is 160 ml of POOL DROPS LIQUID ALGICIDE PLUS 6% per 10,000 L of pool water (equivalent to 1ppm of copper).
3. Weekly monitoring of copper levels is recommended. A maintenance dosage of 80 ml of POOL DROPS LIQUID ALGICIDE PLUS 6% per 10,000 L of pool water is to be added, as needed, to maintain 0.5 to 1 pm of copper.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Fatal or poisonous if swallowed. Corrosive to eyes and skin. Do not get in eyes or on skin. Wear gloves when using Pool Drops Liquid Algaecide Plus 6%. Do not mix with other chemicals or throw any undissolved chemicals including calcium based chlorine into the pool when using this product. This product is toxic to fish. Do not discharge effluent into lakes, rivers, ponds or public waters.

DISPOSAL: Rinse container thoroughly before discarding. Do not reuse. For information on the disposal of unused, unwanted product, or in case of a spill, or for information on spill clean up, contact the provincial regulatory agency or the manufacturer.

FIRST AID: IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
