Safer's Trounce Greenhouse and Indoor Plant Insecticide is a fast-acting, short-lived product for the control of all stages of listed insects on greenhouse ornamental plants, greenhouse peppers and indoor ornamental houseplants.

DIRECTIONS FOR USE: SHAKE WELL BEFORE USE. Nozzle is closed when purchased. To open, turn nozzle until the desired spray pattern is achieved. Hold container upright when spraying. Insects must be sprayed to be killed.

FOR USE ON INDOOR ORNAMENTAL HOUSEPLANTS

To control aphids, whitefly, scale, spider mites, and mealybugs:

DO NOT apply to houseplants grown for food or feed (e.g., herbs). When listed pests first appear, spray to thoroughly cover all foliage, including upper and lower leaf surfaces until damp. **DO NOT** wet plants to the point of runoff or drip. To enhance effectiveness of this product, apply directly to the listed pests where possible. **DO NOT** exceed 59.5 mL per m². Treatment must only be repeated after 10 days if pest problem persists or reoccurs. Use with caution on new growth and on tender young plants and foliage. Test on one or two leaves to determine safety.

FOR USE ON GREENHOUSE ORNAMENTAL PLANTS AND GREENHOUSE PEPPERS

To control aphids, whitefly, scale, spider mites, mealybugs:

DO NOT use in commercial greenhouses. When listed pests first appear, spray to thoroughly cover all foliage, including upper and lower leaf surfaces until damp. **DO NOT** wet plants to the point of runoff or drip. To enhance effectiveness of this product, apply directly to the listed pests where possible. **DO NOT** exceed 59.5 mL per m². Treatment must only be repeated after 10 days if pest problem persists or reoccurs. The product may be applied to greenhouse peppers up to the day before harvest. Wash peppers before consuming. Use with caution on new growth and on tender young plants and foliage. Test on one or two leaves to determine safety.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Product can cause skin and eye irritation. Avoid contact with skin and eyes.

DO NOT apply using stationary or handheld fogging or misting equipment.

DO NOT apply as a space spray.

DO NOT apply to blossoms or when temperatures exceed 28° C .

DO NOT spray plants in direct sunlight.

DO NOT use on sweetpeas, nasturtiums, delicate ferns or impatiens. Schizanthus may be sensitive to foliar spraying. If in doubt about a sensitive species, perform a small-scale test spray before treating the entire plant.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. **DO NOT** induce vomiting unless told to do so by a poison control centre or doctor. **DO NOT** give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison

control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

STORAGE: Store this product away from food or feed.

DISPOSAL: DO NOT reuse the empty containers. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

TOXICOLOGICAL INFORMATION: Skin exposure may cause transient sensations (tingling, burning, itching, numbness). Other symptoms of exposure could include respiratory effects (such as cough, respiratory irritation, or shortness of breath), nausea, headache or dizziness. Treat symptomatically.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
