SaniMaster™ Carpet Sanitizer should be an integral part of any carpet maintenance system. Routine application will not only clean the carpets, but sanitize and deodorize for a clean, longer lasting carpet. SaniMaster™ Carpet Sanitizer is a low foaming carpet shampoo formula for use with extraction and carpet steam cleaning equipment. SaniMaster™ Carpet Sanitizer contains "twin-chain" quaternary ammonium compounds to reduce the growth of odour causing bacteria.

SaniMaster™ Carpet Sanitizer is fortified to neutralize unpleasant odours. Formulated for use on commercial washable synthetic fibers. {Not recommended for use on wool carpets}. SaniMaster™ Carpet Sanitizer effectively and economically lifts and removes greasy soil, resists resoiling, and utilizes "built-in" defoamers for more productive use.

SaniMaster™ Carpet Sanitizer is a balanced formulation combining true odour counteractants, a non-ionic synthetic detergent, a quaternary ammonium compound, organic chelating agents and synergizing builders.... for effective carpet cleaning, sanitizing and counteracting of odours when used as directed.

## **DIRECTIONS FOR USE**

### **TO CLEAN, SANITIZE AND DEODORIZ CARPETS.**

**Steam Extraction:** Vacuum carpet thoroughly. Mix 16 mL of SaniMaster™ Carpet Sanitizer per litre of water. Inject and extract as you would any steam cleaning shampoo.

**Spin Bonnet (Bonnet Buff) Cleaning:** Vacuum carpet thoroughly. Mix 32 mL of SaniMaster™ Carpet Sanitizer per litre of water. Spray on carpet at rate of 4.9 - 7.4 m<sup>2</sup>/Litres. (Alternate direction).

**Heavy Duty Spin Bonnet (Bonnet Buff) Cleaning:** Vacuum carpet thoroughly. Mix 125 mL of SaniMaster™ CarpetSanitizer per litre of water. Spray on carpet at rate of 4.9 - 7.4 m<sup>2</sup>/Litres.

**NOTE:** Test colour fastness of carpet before use. Apply diluted cleaner to a small concealed spot, then rub with clean white cloth. If colour transfers to cloth or changes, a water base product should not be used. Not recommended for use on Stain-Resistant Nylon Carpets. Consult carpet manufacturer's warranty and maintenance instructions for proper use. After cleaning, set carpet pile in one direction with a stiff brush. Place aluminum foil under legs of furniture while carpet is drying. Over-wetting can cause shrinking of carpet. Manufacturer assumes no responsibility for over-wetting or misuse

**PRECAUTIONS:** KEEP OUT OF REACH OF CHILDREN. Danger - Corrosive to eyes. Severe skin irritant. Do not get in eyes, on skin or clothing. Harmful or fatal if swallowed. Avoid contamination of food. When handling this concentrate, wear goggles or a face shield, chemical-resistant gloves, long pants, a long-sleeved shirt and shoes plus socks.

**FIRST-AID: IN CASE OF CONTACT WITH SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **IN CASE OF CONTACT WITH EYES:** Hold eye open and rinse slowly and gently with plenty of water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control centre or doctor for treatment advice. **IF SWALLOWED:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. DO NOT discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. The requirements of applicable laws should be determined before using the product.

**TOXICOLOGICAL INFORMATION:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed. Treat symptomatically.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

### **DISPOSAL:**

1. Triple or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.

5. For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.
