34 HENRY STREET WEST, ST. JACOBS, ONTARIO N0B 2N0 Telephone: 519-664-2252

HOME HARDWARE STORES LIMITED

When exposed to air and used as directed, Moth ball Packets evaporate, releasing a vapour that kills clothes moths, larvae and carpet beetles.

DIRECTONS FOR USE :

Do not place in areas accessible to children.
Thoroughly brush articles to be stored. Place garments, woolens, furs, etc., in airtight trunk or chest. Use 340 g of Moth ball Packets for 1.70 cubic metres of space. Seal all joints and holes of the container with adhesive tape to prevent loss of vapour and entry of insects.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Eye and Skin Irritant. Harmful or fatal if swallowed. Do not get in eyes, on skin or on clothing.

FIRST AID:

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. In case of accident, get prompt medical attention or contact a Poison Control Centre IMMEDIATELY.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: Do not reuse container. Wrap and dispose of container in household garbage.

Para-Zene is a Reg. T.M. of
Recochem's Paradichlorobenzene

The volume of the storage container to be treated can be calculated by multiplying the height, width, and depth of the space.

[eg: *height* 10 cm x *width* 40 cm x *depth* 40 cm = 16 000 cm³ ÷ (1000 cm³/L) = 16 litres].

Apply product at the following rates:

Number of sachet	Enclosed space: (approximate volumes)
1 sachet (2 balls)	Small container (35 litres)
4 sachets (8balls)	Medium container (140 litres)
10 sachets (20 balls)	Large container (350 litres)
