Side Panel

PPP Flea CycleBlock Spray kills fleas. It contains a combination of ingredients that kills both adult and preadult fleas. NYLAR®, a unique ingredient in this flea spray, prevents adult fleas (biting stage) from emerging for 150 days (5 months) by preventing the immature flea from developing into the adult biting stage. Effective on fleas hidden in carpets, rugs, drapes, upholstery, pet bedding and floor cracks. Protects your home from flea buildup as well as your pets and family from bites. One treatment with this spray continuously prevents the emergence of adult fleas for 150 days. Leaves no objectionable odour or sticky mess and if used as directed, does not stain furnishings. Note: The degree of control may be reduced by heavy use, vacuuming, or shampooing of the carpet.

DIRECTIONS FOR USE: For spot and crack-and-crevice application only. Apply only to localized areas of flea infestation, such as pet bedding. NOT FOR BROADCAST APPLICATION. **SHAKE WELL.** Hold can 60 to 90 centimetres from surfaces to be treated. Spray covering one square metre in approximately 35 seconds. Be sure to apply uniformly using a sweeping motion to localized areas of carpets, rugs and all pet resting surfaces of upholstered furniture. Be sure to treat pet bedding as this is a primary hiding place for fleas. Do not spray on bedding of pets which are less than 8 weeks of age. No need to remove pet bedding after treatment. Retreat as necessary. Avoid wetting furniture and carpeting. **DO NOT TREAT PETS WITH THIS PRODUCT.** For effective flea control, pets should be treated with a registered flea control product designed for use on pets, and treatment of the pet should be combined with the sanitation of any area used by the pet. Vacuum floors, carpets, and furniture (discard vacuum bag after use) and wash the pet's bedding, living quarters, and surrounding areas prior to treatment with this product.

PRECAUTIONS: Harmful if swallowed or absorbed through skin. Do not breathe vapors or spray mist. Avoid contact with skin or eyes. Wash with soap and warm water after use. Wash contaminated clothing with warm water and soap before reuse. Avoid contamination of food and feedstuffs. Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover exposed food. Remove all pets and birds and cover fish aquariums before spraying. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 50°C may cause bursting.

FIRST AID: **If in eyes,** hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If on skin or clothing,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If swallowed,** call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically. Contains petroleum distillates.

STORAGE: Store in a cool, dry place inaccessible to children. Keep container closed.

DISPOSAL: Do not reuse empty container. When container is empty, press valve to release all remaining pressure. Wrap container in several layers of newspaper and discard in household garbage.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Product Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
