**DIRECTIONS FOR USE:** GLYCOSERVE® II is a technical for use in formulating or repackaging. Formulators are responsible for their own registrations under the Pest Control Products Act.

**PRECAUTIONS : PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. CAUTION: EYE AND SKIN IRRITANT. MAY BE HARMFUL IF INHALED.** Do not inhale vapours or spray mist. Do not get in eyes. Wear long-sleeve shirt, long pants, and chemical-resistant gloves when handling the concentrate. If there is potential to generate mist during handling, wear mist filtering respiratory protection. Formaldehyde can be released during use of this product. Ensure that formaldehyde air concentrations in the workplace do not exceed the exposure levels established by occupational health and safety authorities in your jurisdiction (e.g. engineering controls, monitoring). If values exceed this level, wear NIOSH-approved respiratory protection. This product is toxic to fish and aquatic invertebrates. Do not discharge into lakes, streams, rivers or ponds.

**FIRST AID:** In case of contact with skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes, Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

For inhalation, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If swallowed, Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**DISPOSAL:**

Canadian formulators using this product should dispose of unwanted active and containers in accordance with municipal or provincial regulations. For additional details and information on clean-up of spills, contact the provincial regulatory agency or the manufacturer.

**NOTICE TO USER:**

This pest control product is to be used only in accordance with the directions on the label.

It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
