WARNING:

Direct tablet contact may cause bleaching of vinyl or painted pool surfaces. Automatic feeding devices employing GF-90 Tab Technical Active must be totally free from traces of other sanitizers to avoid the probability of an explosion.

DIRECTIONS FOR USE:

To be used only in the manufacture of a pesticide which is registered under the **PEST CONTROL PRODUCTS ACT**.

PRECAUTIONS:

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Dangerous gas formed when mixed with acid. Do not mix with any other chemical. Strong oxidizing agent. May cause fire or explosion if contaminated. **CORROSIVE** to the eyes and skin. **DO NOT** get in eyes or on skin. Wear chemical-resistant gloves, long pants, a long-sleeved shirt and shoes when handling this product. Harmful or fatal if swallowed. Keep container closed and store in a cool, dry location. Rinse thoroughly before discarding. Do not re-use.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

DISPOSAL:

Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For additional details and information on clean up of spills, contact the Provincial Regulatory Agency or the Manufacturer.
