MICROBAN CLEAN CARPET SANITIZER PLUS should be an integral part of any carpet maintenance system. Routine application will not only clean the carpets, but sanitize and deodorize for a clean, longer lasting carpet. MICROBAN CLEAN CARPET SANITIZER PLUS is a low foaming carpet shampoo formula for use with extraction and carpet steam cleaning equipment. MICROBAN CLEAN CARPET SANITIZER PLUS contains "twin-chain" quaternary ammonium compounds to reduce the growth of odour causing bacteria. MICROBAN CLEAN CARPET SANITIZER PLUS is fortified to neutralize unpleasant odours. Formulated for use on commercial washable synthetic fibres. { **Not recommended for use on wool carpets** }. MICROBAN CLEAN CARPET SANITIZER PLUS effectively and economically lifts and removes greasy soil, resists resoiling, and utilizes "built-in" defoamers for more productive use. MICROBAN CLEAN CARPET SANITIZER PLUS is a balanced formulation combining Lonza's true odour counteractants, a non-ionic synthetic detergent, a quaternary ammonium compound, organic chelating agents and synergizing builders for effective carpet cleaning, sanitizing and counteracting of odours when used as directed.
