## **DIRECTIONS FOR USE:**

### **FOR USE ONLY ON HORSES**

#### **Use Limitations**

- **DO NOT** use on horses under 12 weeks of age, including newborn or nursing foals.
- Use on show, race, work or pleasure horses only. **DO NOT** use on horses intended for slaughter.
- **DO NOT** soak skin. **DO NOT** exceed 38 mL per animal per treatment.
- **DO NOT** treat eyes/eyelids and mucous membranes (e.g., nose, mouth, genitals).
- **DO NOT** cover horses immediately after treating/after treatment.
- **DO NOT** apply to back of horses prior to saddling.
- **DO NOT** use on sick animals or animals under drug or pesticide treatment. Before use on pregnant animals, consult a veterinarian.
- Avoid contact with treated horses until dried.
- Discontinue use if horse develops irritation after treatment with this product.
- Use **ONLY** in a well-ventilated area, preferably outdoors.
- **DO NOT** apply when people are present.
- **DO NOT** allow product to contact non-target surfaces.
- **DO NOT** apply more than once per day. Treatment must only be repeated if pest problem persists or reoccurs. A veterinarian should be consulted when pest infestation continues to be a problem on the horse.

**To Kills and repels Stable flies, Horse flies, Deer flies, House flies, Horn flies, Mosquitoes, Biting midges, Fleas, Chiggers, Lice.**

- Shake container well before using.

This product is to be applied directly to the horse as a spray only. Prior to treatment, thoroughly brush horse to remove excess dirt and dust and remove mucous secretions from face of the horse. Extremely dirty horse should be shampooed, rinsed and allowed to dry before treatment. After application, brush thoroughly to bring out bright sheen on the coat.

**Spray Method:** Apply a light, uniform spray to thoroughly coat the hair of the horse, while brushing lightly against lay of the hair. **DO NOT** wet horse's skin. Target areas of the horse commonly attacked by listed pests such as the legs, flanks and topline of the horse. **DO NOT** apply as a spray to the face of the horse. When applying to the face of the horse, use the Wipe-On Method as described below.

**Wipe-On Method:** Use this method to apply to the face and other sensitive areas to avoid application to eyes and mucous membranes (e.g., nose, mouth, genitals). To use as a wipe-on, moisten (not to the point of dripping) a clean, soft cloth with [Pony XP](#). Thoroughly rub the moistened cloth over the area of hair of the [horse](#) to be protected. It is best to apply by rubbing against the hair growth. Give special attention to the legs, shoulders, shanks, neck and facial areas most often are seen on the [horse](#).

**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.**

Avoid inhalation of spray. Not for use on humans. Avoid contact with skin and eyes. Harmful if swallowed, inhaled or absorbed through skin. Wash after using. If irritation appears discontinue use.

Wash contaminated clothing before reuse. **DO NOT** contaminate feed, food or litter. **DO NOT** contaminate food-handling equipment.

**DO NOT** use in areas where beekeeping equipment or supplies are stored, or where milk is stored or processed.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use a control product in a way that is inconsistent with the directions on the label.

**STORAGE:**

Store product in the original container. Keep tightly closed.  
Store this product away from food or feed.

**DISPOSAL:**

**DO NOT** reuse empty container. Dispose of empty container with household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

**FIRST AID:**

If on skin or clothing

- Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes

- Hold eye open and rinse slowly and gently with water for 15–20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control centre or doctor for treatment advice.

If swallowed

- Call a poison control centre or doctor immediately for treatment advice.
- **DO NOT** give any liquid to the person.
- **DO NOT** induce vomiting unless told to do so by a poison control centre or doctor.
- **DO NOT** give anything by mouth to an unconscious person.

If inhaled

- Move person to fresh air.
