DIRECTIONS: Welcome [to Thermacell]

1. [Get ready to experience] [You're ready to discover] an alternative way to repel mosquitoes. Thermacell products create a zone of protection from mosquitoes, without the use of [sprays or other topical products][messy sprays or lotions].
2. Thermacell patented technology uses heat to continuously release repellent, providing hours of protection.
3. 4.5 m x 4.5 m (15 ft x 15 ft)Protection Zone

In the Box

1. [x] Thermacell [marketing name] [Mosquito] [repeller]
2. [x] Thermacell [marketing name] [cap][cover][case][storage][travel][bag][pole(s)] *{accessory to go with device}*
3. [x] Thermacell [marketing name] 12 hour fuel cartridge
4. [x] Thermacell [marketing name] 4 hour repellent mats

{Product illustration components; as appropriate to each device}

1. Grill - Mat Insert [slot]
2. View window
3. Mode selector[switch]
4. ON/OFF[start][power] [fuel] [switch]
5. Fuel [cartridge] port
6. Battery [Pack] [door] [cover] [compartment]
7. Mat storage
8. Cap [Endcap][Cover]
9. Fuel Cartridge
10. Fuel Window
11. Repellent Mats
12. [Thermacell] Core [repeller]
13. Device [body]
14. Light button [switch]

{Use instructions; steps and sub-bullets may or may not be used as appropriate to each device}

Let's get started

1. Remove the [cap from the repeller][CORE from body of lantern].
 - a. Never operate with cap on
2. Unwrap a Thermacell repellent mat and slide under the grill
 - a. Repeller must be off when inserting or changing mats. Ensure grill is cool before inserting or changing mats
 - b. Always center mats under the grill [to fully cover the metal plate]
 - c. Mats change from blue to white when they need to be replaced
 - d. To replace a mat, push the old mat out using a new mat
3. Remove the [plastic] cap from a fuel cartridge and insert [screw] into fuel [cartridge] port
 - a. Remove [Lift] [CORE] [repeller] [body] from [Lantern] body [base] to access fuel [cartridge] port [by squeezing the tabs on the bottom of the lantern and pulling the frame [globe][shade] away]
 - b. Thread [screw] the [fuel] cartridge into the port until hand-tight.
 - c. [Fuel] cartridges [last] [provide] up to 12 hours [of operation] each
 - d. [[Dock] [Place] [Slide][snap][Click] the [Thermacell] [CORE] [repeller] into [body] [lantern] [housing]]

2024-1463
2024-05-24

- e. [Tip: Store extra mats on the CORE [repeller] [for convenience]]

4. Start the repeller by turning [twisting][sliding] the [[ON/OFF[start][power] [fuel][mode selector] [switch] to the ON position for 5 seconds and then [pushing] [turning to][twisting] the START [switch][position][button]

- a. [Dock][insert] the Thermacell CORE in the [body][lantern]] before starting your device
- b. Check the view window for an orange glow. [A small flame should be visible] [through the view window] [when product is properly started]. [Click][twist][pinch] to START again if you do not see a flame [orange glow]
- c. Allow up to 30 minutes for the full zone to be established
- d. When finished using the repeller, turn [base][[ON/OFF[start][power] [fuel][mode selector] [switch] to the OFF position.

{Device features; as appropriate to each device}

Mat Storage

1. [Up to] [#] additional mats can be kept in the bottom of the repeller [core]
2. Keep new mats in wrapper until ready to use.

Light

1. This repeller can also be used as a light.
2. The light feature is independent from use as a mosquito repeller.
3. To turn the light on[off], press the [light][power] button[switch].
4. [This] [marketing name] lantern has multiple light settings.
5. [To adjust [brightness level]][light mode], press the button [switch] again [to select desired setting].
6. [On the] [marketing name] the [power][light] button [switch] will turn from [(color)] to [(color)] [to (color)] indicating remaining battery power

Installing Batteries

1. Tip: Batteries are required to use the Light [feature][only]. However, the repeller can be used without batteries if this feature, or the illumination it provides, is not desired.
2. Remove the battery door [cover] [from lantern]. Insert [# and type] batteries as indicated. Re-install battery cover.

Useful Tips

1. For best results, place in the center of the area you want protected from mosquitoes
2. Allow 30 minutes for the full zone to be established.
3. For optimal protection in larger areas, use multiple repellents spaced up to 4.5 m (15 feet) apart
4. Effectiveness can be impacted by wind and air movement. Place upwind on a windy day.
5. Do not expose open mats [or device(s)] to rain

Maintenance [storage] [travel] [and] [Care]

1. Condensation can build up on and around the grill over time. Clean with a damp cloth if needed. Do not use chemicals or abrasives.
2. [Replace cap and] store in a dry place when not using the repeller. Allow the repeller to completely cool before storing.

2024-1463
2024-05-24

3. Partially used mats should be disposed of [and batteries should be removed] prior to storing for extended periods of time.
4. Fuel cartridges are not permitted on a plane, either as checked or carry on luggage. Please remove from repeller prior to air travel.

Troubleshooting

1. Wind and other conditions may cause the flame to go out. Restart the repeller if flame is not visible through the view window.
2. Altitude above 1500 m may prevent repeller from functioning properly
3. If the repeller won't [turn on][light] or stay [on][lit]:
 - a. Confirm that the fuel cartridge is not empty
 - b. Ensure the fuel cartridge is fully threaded into the fuel port
 - c. Listen for fuel flow to ensure fuel is properly running
 - d. Turn the repeller to the START position [confirming you hear a click]

4. Write us: Thermacell Repellents, Inc., 32 Crosby Drive, Bedford, MA 01730

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND PETS. Harmful if inhaled. Avoid breathing vapours. For outdoor use only to kill and repel mosquitoes. Do not use indoors, in tents or any enclosed area. Do not touch the grill while the appliance is in use. The grill is hot while in use. Do not insert anything other than the mat into the appliance [grill]. Place appliance on a flat, stable surface with the grill facing upward. Do not cover with any material while in use. Clean with a damp cloth only when the device is cool and inactive. Store unused mats in the original packaging in a cool, dry place inaccessible to children and pets. Store appliance and butane cartridges in a cool, dry place away from sources of heat. Harmful or fatal if swallowed. May be harmful if absorbed through skin. Avoid contact with skin and clothing. Wash hands with soap and water after use. Cover exposed food.

Cartridge contains flammable butane. Do not use near sparks or open flames. Do not allow mat to come into contact with other substances. Cartridges contain pressurized butane. Protect the butane cartridges from sunlight. Do not expose them to temperatures above 50°C (120°F). Do not pierce, break or incinerate butane cartridges, even after use. Butane cartridges other than Thermacell® cartridges will not work in this appliance. Seller will not be held responsible for damage, injury or poor performance caused by use of other butane cartridges or repellent mats.

This pesticide is highly toxic to fish. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

FIRST AID: If Inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Contains petroleum distillates. Treat symptomatically. Vomiting may cause aspiration pneumonia.

2024-1463
2024-05-24

STORAGE: Store this product away from food or feed.

DISPOSAL: Do not reuse empty envelopes. Wrap used mats and butane cartridges and place in household trash. Do not incinerate cartridges. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.

About us

- 54 At Thermacell we believe that the outdoors should be enjoyed with friends and family, not mosquitoes. We invite you to try our innovative solution to mosquito protection. We not only protect you, but those around you in a 15 ft area without the use of sprays, scents, or candles.
- 55 The outdoors has always been our escape, our playground, and where we most prefer to work. No matter what we are running to or running from, enjoyment of the outdoors is a common thread for us here at Thermacell.
- 56 Not surprisingly, we believe that fresh air and open spaces should be shared with friends and family...not mosquitoes.
- 57 For those [of you] who want to be outdoors, we exist to provide protection from mosquitoes and freedom to enjoy the outdoors without worry [or annoyance].
- 58 Our mission is to liberate people who love the outdoors from the annoyance of mosquitoes.
- 59 Mosquitoes can [spoil just about any] outdoor [fun] [activity], whether you are entertaining friends on the deck [or enjoying a good book on your patio] [or working in your backyard]. Thermacell-silently repels mosquitoes [for a maximum of [x] hours per mat.] and enables you to live life outdoors

Thermacell offers convenient Refill Kits for use with this product. Refills available wherever Thermacell repellent products are sold.
