DIRECTIONS: Alleviates the annoyance from mosquitoes by repelling and killing mosquitoes and reducing the number of bites in an area up to 4.5 metres from the product (as large as an average-size deck, patio or small campsite) for up to four hours. Effect is **not** immediate. For best results, allow 30 minutes for product to take effect. This product works well in outdoor areas where there is minimal air movement, such as decks, porches, patios, yards and sheltered campsites. Use one device per each 21.0 square metres (an area 4.5 x 4.5 metres or 15' x 15'). Use more devices in larger areas, spacing them to ensure adequate coverage. Wind, heat or humidity may affect the performance of this product. Appliance and mat effectiveness may be diminished if exposed to rain.

ThermaCELL® Mosquito Area Repellent	ThermaCELL® Mosquito Area Repellent Lanterns
1 Remove one mat from wrapper.	1 Remove one mat from wrapper.
2 Full Size Appliance and Patio/Outdoor lantern: With device off and completely cool, insert mat under grill.	2 With lantern OFF and completely cool, insert mat under grill.
3 Remove appliance cover, Patio/Outdoor lantern top and butane cartridge cap. Screw cartridge into receptacle and replace appliance cover [if provided], or Patio/Outdoor lantern	3 Remove butane cartridge cap and screw clockwise into lantern base opening until it stops. Make sure the cartridge is fully inserted. Place lantern on a flat, stable area.
4 Full Size Appliance, and Patio/Outdoor lantern: Move [turn] switch to 'ON', wait 5 to 10 seconds then depress start button 3 to 5 times in rapid succession. Compact Appliance: Slide open window covering ignition port. Hold lit match or lighter near ignition port. Slide window closed to cover ignition port. Compact Appliance with self-start: Screw cartridge into appliance, wait 5 to 10 seconds then click start button 3 to 5 times in rapid succession.	4 Full Size [and] [Camp] Lantern Rotate [turn] lantern collar to the right until the [indicator] [arrow] [line] points to "ON" [is in the "ON" position], wait 5 to 10 seconds then rotate lantern collar further to the right until the [indicator] [arrow] [line] points to "START" [is in the "START" position]. Repeat 3 to 5 times in rapid succession.
5 Verify appliance or lantern is heating; [orange] light will glow. If the light is not glowing, make sure cartridge is completely screwed into place; then repeat step 4. Place on a flat, stable area.	5 Verify lantern is operating; lantern will glow. If the lantern is not glowing, make sure cartridge is completely screwed into place; then repeat step 4. For full size lantern, orange light will glow in [circular] view hole located on the [lantern] [collar] [lid] [to the right of the "START" button.]
6 Full Size Appliance, [and] Patio/Outdoor Lantern: When finished using, turn switch to 'OFF'. Compact Appliances: When finished using, unscrew cartridge.	6 Full Size [and] [Camp] Lantern: When finished using lantern, rotate [turn] lantern collar to the left until the [indicator] [arrow] [line] [points to "OFF"] [is in the "OFF" position].
7 Appliance and Patio/Outdoor Lantern: Allow to completely cool and then store.	7 Allow lantern to completely cool and then store. [Torch: Replace protective cover; leave outside or store once cool.]

ThermaCELL® Butane Cartridge & Mats

If your appliance fails to heat, it may be out of fuel. Check the fuel level by holding the appliance vertically and looking at the fuel gauge on the bottom. You can see the amount of butane in the cartridge. Replace if empty. Each mat lasts up to 4 hours and each ThermaCELL® butane cartridge lasts up to 12 hours. Check mats routinely to ensure that the active ingredient in the mat has not been exhausted. Mat turns from pale blue to white when the active ingredient has been exhausted.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND PETS. Harmful if inhaled. Avoid breathing vapours. For outdoor use only to kill and repel mosquitoes. Do not use indoors, in tents or any enclosed area. Do not touch the grill while the appliance is in use. The grill is hot while in use. Do not insert anything other than the mat into the appliance [grill]. Place appliance on a flat, stable surface with the grill facing upward. Do not cover with any material while in use. Clean with a damp cloth only when the device is cool and inactive. Store unused mats in the original packaging in a cool, dry place inaccessible to children and pets. Store appliance and butane cartridges in a cool, dry place away from sources of heat. Harmful or fatal if swallowed. May be harmful if absorbed through skin. Avoid contact with skin and clothing. Wash hands with soap and water after use. Cover exposed food.

Cartridge contains flammable butane. Do not use near sparks or open flame. Do not allow mat to come into contact with other substances. Cartridges contain pressurized butane. Protect the butane cartridges from sunlight. Do not

expose them to temperatures above 50°C (120°F). Do not pierce, break or incinerate butane cartridges, even after use. Butane cartridges other than ThermaCELL® cartridges will not work in this appliance. Seller will not be held responsible for damage, injury or poor performance caused by use of other butane cartridges or repellent mats.

This pesticide is highly toxic to fish. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

FIRST AID: If Inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Contains petroleum distillates. Treat symptomatically. Vomiting may cause aspiration pneumonia.

STORAGE: DO NOT contaminate food/feed by storage.

DISPOSAL: Do not reuse empty envelopes. Wrap used mats and butane cartridges and place in household trash. Do not incinerate cartridges. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

This refill kit is to be used only with the following ThermaCELL Mosquito Area Repellent products:

ThermaCELL MOSQUITO AREA REPELLENT, Reg. No. 27878 P.C.P. Act

[] Denotes alternate/optional verbiage

{ } Denotes verbiage not printed on market labeling

DIRECTIONS: Alleviates the annoyance from mosquitoes by repelling and killing mosquitoes and reducing the number of bites in an area up to 4.5 metres from the product (as large as an average-size deck or patio) for up to four hours. Effect is **not** immediate. For best results, allow 30 minutes for product to take effect. This product works well in outdoor areas where there is minimal air movement, such as decks, porches, patios, yards and campsites. Use one lantern per each 21.0 square metres (an area 4.5 x 4.5 metres or 15' x 15'). Use more lanterns in larger areas, spacing them to ensure adequate coverage. Wind, heat or humidity may affect the performance of this product. Lantern and mat effectiveness may be diminished if exposed to rain. No messy wax to drip or spill. Lantern provides light and repels and kills mosquitoes. Batteries power the light; heat from the ThermaCELL cartridge activates the repellent mat and provides mosquito repellency for an area the size of an average deck or campsite for up to 4 hrs per mat.

To Use the Light:

1. Remove battery cover on the bottom of the lantern. Install [#] [D] -size batteries [(included)] [(not included)], Replace battery cover. The batteries power [#] LED lights and will provide lantern light for a maximum of [#] hours.
2. To turn Lantern light on, push, [slide] the [white] [switch] [button] [knob] on the bottom of the lantern [base] [bottom] to the "ON" position. If lantern light does not turn on, replace batteries. When finished using the light, push [slide] the [switch] [button] [knob] to the "OFF" position. [Lantern light can be turned off at any time by holding the button for 3 seconds]

To Use the Mosquito Repellent:

1. Remove one ThermaCELL mat from wrapper. Mats last a maximum of 4 hours. Mat turns from pale blue to white when repellent has been exhausted.
2. Insert the mat under the grill at the top of the lamp.
3. Remove the butane cartridge cap and screw cartridge into the opening on the bottom of the lantern by turning the cartridge clockwise until it stops. Make sure cartridge is fully inserted.
4. Place the lamp on a flat, stable area. To activate the mosquito repellent, grasp the lantern collar and rotate [turn] collar to the right until the [indicator] [arrow] [line] points to "ON" [is in the "ON" position.] The gas will begin to flow.
5. Wait approximately 5 to 10 seconds then then rotate lantern collar further to the right until the [indicator] [arrow] [line] points to "START" [is in the "START" position]. You should hear a clicking noise.
6. To verify that the mosquito repellent is activated look at the [circular] [oval] view hole located [on the lantern] [collar] [lid] to the right of the "START" button. An orange light will glow. If there is no orange light, rotate [turn] [indicator] [arrow] [line] back to the "ON" position and repeat rotation to the "START" position two to three times in rapid succession.
7. If there is still no orange light visible in the view hole, make sure the cartridge is completely screwed into place. Also check the amount of fuel in the cartridge. If cartridge is empty or near empty, remove cartridge and replace with a new Thermacell® cartridge. Then repeat steps 4-6.
8. Do not touch the grill; it will be hot after a couple of minutes. When finished using the lamp, rotate [turn] the lantern collar to the left until the [indicator] [arrow] [line] [points to "OFF"] [is in the "OFF" position]. Allow the lantern to cool completely before storing.
9. To replace a used mat, make sure [indicator] [arrow] [line] [points to "OFF"] [is in the "OFF" position] and allow lantern grill to cool completely. Push the used mat out by inserting a fresh mat.

One ThermaCELL butane cartridge lasts up to 12 hours. If your appliance fails to heat, it may be out of fuel. Check the fuel level by holding the cartridge vertically and looking at the fuel level. You can see the amount of butane in the cartridge. Replace if empty.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND PETS. Harmful if inhaled. Avoid breathing vapours. For outdoor use only to kill and repel mosquitoes. Do not use indoors, in tents or any enclosed area. Do not touch the grill while the lantern is in use. The grill is hot while in use. Do not insert anything other than ThermaCELL® mats into the lantern. Place lantern on a flat, stable surface with the grill facing upward. Do not

cover with any material while in use. Clean with a damp cloth only when the lantern is cool and inactive. Store unused mats in the original packaging in a cool, dry place inaccessible to children and pets. Store lantern and butane cartridges in a cool, dry place away from sources of heat. Harmful or fatal if swallowed. May be harmful if absorbed through skin. Avoid contact with skin and clothing. Wash hands with soap and water after use. Cover exposed food.

Cartridge contains flammable butane. Do not use near sparks or open flames. Do not insert anything other than the mats in the grill. Do not allow mat to come into contact with other substances. Cartridges contain pressurized butane. Protect the butane cartridges from sunlight. Do not expose them to temperatures above 50°C (120°F). Do not pierce, break or incinerate butane cartridges, even after use. Butane cartridges other than ThermaCELL® cartridges will not work in this lantern. Seller will not be held responsible for damage, injury or poor performance caused by use of other butane cartridges or repellent mats.

This pesticide is highly toxic to fish. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

FIRST AID: If Inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. DIRECTIONS: Alleviates the annoyance from mosquitoes by repelling and killing mosquitoes and reducing the number of bites in an area up to 4.5 metres from the product (as large as an average-size deck, patio or small campsite) for up to four hours. Effect is **not** immediate. For best results, allow 30 minutes for product to take effect. This product works well in outdoor areas where there is minimal air movement, such as decks, porches, patios, yards and sheltered campsites. Use one device per each 21.0 square metres (an area 4.5 x 4.5 metres or 15' x 15'). Use more devices in larger areas, spacing them to ensure adequate coverage. Wind, heat or humidity may affect the performance of this product. Appliance and mat effectiveness may be diminished if exposed to rain.

ThermaCELL® Mosquito Area Repellent	ThermaCELL® Mosquito Area Repellent Lanterns
1 Remove one mat from wrapper.	1 Remove one mat from wrapper.
2 Full Size Appliance and Patio/Outdoor lantern: With device off and completely cool, insert mat under grill.	2 With lantern OFF and completely cool, insert mat under grill.
3 Remove appliance cover, Patio/Outdoor lantern top and butane cartridge cap. Screw cartridge into receptacle and replace appliance cover [if provided], or Patio/Outdoor lantern	3 Remove butane cartridge cap and screw clockwise into lantern base opening until it stops. Make sure the cartridge is fully inserted. Place lantern on a flat, stable area.
4 Full Size Appliance, and Patio/Outdoor lantern: Move [turn] switch to 'ON', wait 5 to 10 seconds then depress start button 3 to 5 times in rapid succession. Compact Appliance: Slide open window covering ignition port. Hold lit match or lighter near ignition port. Slide window closed to cover ignition port. Compact Appliance with self-start: Screw cartridge into appliance, wait 5 to 10 seconds then click start button 3 to 5 times in rapid succession.	4 Full Size [and] [Camp] Lantern Rotate [turn] lantern collar to the right until the [indicator] [arrow] [line] points to "ON" [is in the "ON" position], wait 5 to 10 seconds then rotate lantern collar further to the right until the [indicator] [arrow] [line] points to "START" [is in the "START" position]. Repeat 3 to 5 times in rapid succession.
5 Verify appliance or lantern is heating; [orange] light will glow. If the light is not glowing, make sure cartridge is completely screwed into place; then repeat step 4. Place on a flat, stable area.	5 Verify lantern is operating; lantern will glow. If the lantern is not glowing, make sure cartridge is completely screwed into place; then repeat step 4. For full size lantern, orange light will glow in [circular] view hole located on the [lantern] [collar] [lid] [to the right of the "START" button.]
6 Full Size Appliance, [and] Patio/Outdoor Lantern: When finished using, turn switch to 'OFF'. Compact Appliances: When finished using, unscrew cartridge.	6 Full Size [and] [Camp] Lantern: When finished using lantern, rotate [turn] lantern collar to the left until the [indicator] [arrow] [line] [points to "OFF"] [is in the "OFF" position].
7 Appliance and Patio/Outdoor Lantern: Allow to completely cool and then store.	7 Allow lantern to completely cool and then store. [Torch: Replace protective cover; leave outside or store once cool.]

ThermaCELL® Butane Cartridge & Mats

If your appliance fails to heat, it may be out of fuel. Check the fuel level by holding the appliance vertically and looking at the fuel gauge on the bottom. You can see the amount of butane in the cartridge. Replace if empty. Each mat lasts up to 4 hours and each ThermaCELL® butane cartridge lasts up to 12 hours. Check mats routinely to ensure that the active ingredient in the mat has not been exhausted. Mat turns from pale blue to white when the active ingredient has been exhausted.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND PETS. Harmful if inhaled. Avoid breathing vapours. For outdoor use only to kill and repel mosquitoes. Do not use indoors, in tents or any enclosed area. Do not touch the grill while the appliance is in use. The grill is hot while in use. Do not insert anything other than the mat into the appliance [grill]. Place appliance on a flat, stable surface with the grill facing upward. Do not cover with any material while in use. Clean with a damp cloth only when the device is cool and inactive. Store unused mats in the original packaging in a cool, dry place inaccessible to children and pets. Store appliance and butane cartridges in a cool, dry place away from sources of heat. Harmful or fatal if swallowed. May be harmful if absorbed through skin. Avoid contact with skin and clothing. Wash hands with soap and water after use. Cover exposed food.

Cartridge contains flammable butane. Do not use near sparks or open flame. Do not allow mat to come into contact with other substances. Cartridges contain pressurized butane. Protect the butane cartridges from sunlight. Do not expose them to temperatures above 50°C (120°F). Do not pierce, break or incinerate butane cartridges, even after

use. Butane cartridges other than ThermaCELL® cartridges will not work in this appliance. Seller will not be held responsible for damage, injury or poor performance caused by use of other butane cartridges or repellent mats.

This pesticide is highly toxic to fish. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

FIRST AID: If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Contains petroleum distillates. Treat symptomatically. Vomiting may cause aspiration pneumonia.

STORAGE: DO NOT contaminate food/feed by storage.

DISPOSAL: Do not reuse empty envelopes. Wrap used mats and butane cartridges and place in household trash. Do not incinerate cartridges. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
