PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Causes eye and skin irritation. Potential skin sensitizer. Avoid breathing vapours or spray mists. Do not get in eyes, on skin or on clothing. Harmful if swallowed or inhaled. Provide adequate ventilation. Wear goggles or a face shield, chemical-resistant coveralls over long-sleeved shirt and long pants, chemical resistant gloves, socks and chemical resistant footwear during mixing, loading, application, clean-up and repair. Remove contaminated clothing and wash before reuse.

Follow manufacturer's instructions for cleaning/maintaining personal protective equipment. If no such instructions exist for washables, use detergent and hot water. Keep and wash personal protective equipment separately from other laundry. Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove personal protective equipment immediately after handling this product. Wash the outside of gloves before removing. Wash thoroughly as soon as possible.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

ENVIRONMENTAL HAZARDS:

This product is toxic to aquatic organisms.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

STORAGE:

Store in a dry place. Do not contaminate water, food or feed by storage or disposal.

DIRECTIONS FOR USE:

For use as a preservative in manufacturing paints, coatings, plastics and adhesives. DO NOT use for plastic for toys.

For the following applications, Fungitrol 920 Fungicide is to be added during mixing of the raw materials for ease of incorporation into the finished product.

Exterior Paint Dry Film: 0.5 – 1.0% by weight (1000-2000 ppm a.i.)

Plastics (to protect against mildew and fungal growth on products exposed to humid conditions that are not subject to constant wetting such as rain (e.g. vinyl siding) or running water (e.g. PVC pipes)): 0.125 – 0.5% by weight (250 – 1000 ppm a.i.)

Adhesives: 0.1 – 0.25% by weight (200 – 500 ppm a.i.)

The optimum amount of Fungitrol 920 Fungicide that is required for adequate preservation is best determined by actual tests with the specific material, within the above registered range of rates.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters.

DISPOSAL:

1. Triple- or pressure -rinse the empty container. Add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Make the empty container unsuitable for further use
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product, contact the manufacturer or the Provincial Regulatory Agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information.
