NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

DIRECTIONS FOR USE

To be used only in the manufacture of a pesticide which is registered under the *Pest Control Products Act*.

PRECAUTIONS

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL CORROSIVE to eyes. DO NOT get in eyes. Causes irritation of the respiratory tract. Avoid inhaling vapours. Avoid contact with skin and clothing.

This product may cause mild burns or irritation to the skin.

Handle product in a well-ventilated area. Wear long sleeves, long pants, chemical resistant gloves, safety goggles or face shield, socks and shoes when handling product. Wash immediately after product use. Wash contaminated clothing before wearing again.

Product is corrosive to reactive metals. Avoid applying product on metal such as aluminum, tin or iron. Use non-reactive materials in the creation of an injection system.

Will not ignite, but in case of fire, carbonic oxides (CO and CO2), vapor and smoke may occur.

Non-targeted vegetation touched by the white vinegar will be damaged.

This product may be toxic to aquatic organisms.

Product creates no residual effect on the soil and breaks down quickly.

FIRST AID

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED : Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Treat symptomatically

DISPOSAL AND DECONTAMINATION

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills, contact the manufacturer or the provincial regulatory agency.
