PRECAUTIONS

Potential skin sensitizer. Avoid contact with skin or clothing.

Do not contaminate water, food, or foodstuffs.

Do not apply in a way that this product will contact workers or other persons, either directly or through drift.

Do not apply in areas accessible to children and pets.

Apply only when the potential for drift to areas of human habitation or areas of human activity such as houses, cottages, schools, and recreational areas is minimal. Take into consideration wind speed, wind direction, temperature inversion, application equipment, and sprayer settings.

Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

STORAGE Store at temperatures between 0° C and 25° C. Store container upright and keep tightly closed when not in use.

DISPOSAL

Do not reuse empty container. Rinse the emptied container thoroughly. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. Make the empty container unsuitable for further use. Dispose of the container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the provincial regulatory agency or the manufacturer.

FIRST AID

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move affected person(s) to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably by mouth-mouth, if possible. Call a poison control center or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat Symptomatically

DIRECTIONS FOR USE

Kills drain flies/moth flies, fruit flies, phorid flies (including exposed eggs and larvae), house flies, German cockroaches, house crickets, spiders (excluding black widow and brown recluse)*, and springtails on contact.

*Some species of spiders may be less susceptible to TyraTech Drain Fly Killer.

For use indoors and outdoors around commercial, institutional and industrial structures including restaurants, kitchens, hospitals, schools, daycare facilities, hotels, nursing homes, commercial dining rooms, food processing plants, warehouses, lavatories, offices, multi-family housing and veterinary clinics. Product use permitted in other areas or facilities when product is used according to label directions. Do not apply as a space spray. Do not apply more than 1.7 L product/m².

Read entire label prior to use and use product as directed. Product is ready-to-use. Shake product before use. Direct nozzle at target and spray until thorough coverage is achieved. Pests must be sprayed directly with TyraTech Drain Fly Killer to be killed. . Spray areas where pests feed or forage, such as: drains, sinks, urinals, waste areas, dumpsters, and any other areas where pests may be hiding or harboring. Reapply as needed if pests continue to be a problem. Users should test a small, inconspicuous area first to ensure there are no adverse effects such as staining or discolouration.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offense under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
