## **DIRECTIONS FOR USE:**

**OUTDOORS:** to prevent your pet, or stray animals from soiling flower beds, areas of lawns, trees, shrubbery or evergreens, spray the edges of flower beds, trunks of trees, the bases of shrubbery and evergreens, patches of lawns, etc. lightly every day or every other day with the repellent.

First, remove any droppings, then spray the spot with this masking odour. Re-apply as often as necessary until undesirable habits of your pet or stray animals are changed. Do not apply directly to foliage of shrubs or to ornamental, soft bodied plants. Apply only in areas adjacent to buildings. Do not apply in wildlife habitat areas (e.g., parklands, forested lands).

**INDOORS:** to suppress undesirable habits, such as sleeping on furniture, rugs and other areas in your home, spray the article of furniture, rug, etc. lightly with the repellent so that the area or object is slightly moistened. Before spraying extensive areas of rugs, fabrics or plastics, test the effect of the repellent by first treating a small inconspicuous area. The repellent may stain or soften some fabrics or plastics. An alternate method to avoid possible damage is to spray a piece of cloth lightly and place it on the object or area in your home to be protected. Repeat daily, or as necessary, until undesirable habit is changed.

## **PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.**

Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat or store at temperatures over 50°C. Avoid contamination of food and feedstuffs. Wash hands with soap and water after use and before eating and smoking. Avoid contact with skin, eyes and clothing. Wear rubber gloves when applying this product. Do not apply this product in a way that it will contact any person or pet, either directly or through drift. Do not apply to food/feed crops or animals. Do not allow persons or pets to enter the treated area until the spray has dried.

**DISPOSAL:** Do not reuse container. Do not puncture or incinerate. When container is empty dispose of it in household garbage.

**FIRST AID: If swallowed:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

## **ENVIRONMENTAL HAZARDS:**

Do not apply directly to aquatic habitats (such as lakes, rivers, sloughs, ponds, coulees, prairie potholes, creeks, marshes, streams, reservoirs or wetlands) or estuarine/marine habitats. DO NOT contaminate water by cleaning equipment or disposing of wastes.
