Gourmet Liquid Ant Bait-C will control ants indoors and outdoors. In or near: homes.

Gourmet Liquid Ant Bait-C incorporates borax in a special food bait which is highly attractive to ants. Ants pick up the bait and take it to their nests to feed the colony. The borax works slowly to kill all the ants in the colony, usually in about 7 days. For use in homes, apartments, condominiums, schools, boats, cruise ships, hospitals, nursing homes hotels, food processing, food manufacturing, food storage and food service areas, warehouses and other institutional and commercial buildings.

DIRECTIONS: INDOORS: Place traps 1.5-3.0 meters apart where ants are numerous. Use sufficient traps for quick control. Replace traps as needed. OUTDOORS: Place traps near where ants enter dwellings, and near anthills. Space traps 5 meters apart.

To activate Gourmet Liquid Ant Bait-C, place station on a flat surface with the cone facing up. If the cone is filled with liquid bait, move the station from side to side rapidly and liquid will leave the cone. With a knife or scissors, cut the top of the cone, so that the top of the remaining cone is level with top of surrounding circular surface.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND DOMESTIC ANIMALS. Avoid contact with eyes, skin or clothing. Wash hands after use. Avoid contamination of water, foodstuffs and utensils. Wear long-sleeved shirt, long pants and chemical resistant gloves, while mixing, loading or applying product.

FIRST AID:

IF SWALLOWED: Call a poison control centre or doctor IMMEDIATELY for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take the container label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: Thoroughly rinse the empty container. Spread rinsings on soil surface around anthills. Follow provincial instruction for any required additional cleaning of the container prior to its disposal. Make the container unsuitable for further use. Dispose of the container in accordance with provincial requirements. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
