NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.

The user assumes the risk to persons or property that arises from any such use of this product.

DIRECTIONS FOR USE

Remove cap at tip of barrel of the prefilled, disposable syringe and apply paste only in areas inaccessible to children and pets. Apply paste near aggregation and harbouring areas. For indoor uses only. Apply behind and under the following: stoves, refrigerators, dishwashers, sinks, counters, shelving, washing machines, tubs, water pipes, around pipe collars, drains, electrical boxes, cracks and crevices of baseboards, in corners of cupboards, cabinets and closets.

Remove drawers from chests and cabinets, apply freely into corners of drawer wells. Reapply as necessary. All visible paste should be packed into cracks and crevices. Remove excess paste and dispose in garbage. Avoid contamination of food and feed stuff.

Food Areas: (Restaurants, Food Processing and Food Handling Establishments, Dining Rooms, etc): In Food Areas, application is limited to crack and crevice treatment only in areas where food and feed stuff are received, sorted, prepared, packaged (canning, boxing or wrapping) or served. Care must be taken to avoid depositing this product on serving surfaces where food and feed stuff are processed or exposed.
