FIRST AID: If irritation or other adverse effects develop, wash affected area with soap and water immediately. Seek medical attention if symptoms persist. If in eyes: hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If swallowed, Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: When container is empty, press valve to release pressure. Do not puncture or incinerate. Wrap empty container and discard in household garbage.

Marketing Statements:

REVOLUTIONARY NEW Eco Can USES THE POWER OF AIR

The Eco Can delivers a quiet spray without using CFCs or hydrocarbon propellants.

SPRAYS IN ANY DIRECTION, EVEN UPSIDE DOWN

Unlike products that utilise the Eco Can, conventional aerosol products require that a percentage of propellant be included, the purpose of which is to expel the contents out of the can.

The Eco Can uses air pressure instead of propellant.

The Eco Can has a quiet, non chilling spray.

Eco Can - THE NEXT GENERATION IN SPRAY TECHNOLOGY

"The Eco Can sprays this product as a clear solution that is non foamy, non greasy.

The propellant in Aerosols is replaced with insecticide liquid in the Eco Can.

Eco Cans do not contain propellant.

Eco Cans do not need or use hydrocarbon propellant.

Eco Cans use newer technology.

Propellants no longer needed if you use the Eco Can.
