TOUGH on INSECTS...MILD on your PLANTS and YOU.

For use Indoors and in greenhouses on houseplants and Outdoors on fruits, vegetables, flowers and ornamentals. Not for use on agriculture crops.

DIRECTIONS FOR USE:

Mix fresh solution. Stir one part of Pro Soap Concentrate (1) into 20 parts of water. For example, mix 1 L of product with 20 L of water. Mix well before use. Insects must be sprayed directly to achieve proper control. Make applications when conditions promote slow drying such as early morning, late afternoon to evening. The longer the spray solution remains in the liquid state, the longer the product remains active.

SPRAYING: Use a fine spray to thoroughly cover both sides of leaves and stems. Spray plants in an area where this water-based product will not harm walls, drapes, furniture etc. Hold container upright 30 cm from plant.

DIPPING: Small potted plants may be upended, using your hand to hold soil, and dipped or gently swilled through a solution of Pro Insecticidal Soap mixed at 50 mL per litre of room temperature water.

TIMING: Use weekly until control is observed.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Wash fruits and vegetables before eating. Avoid contact with skin and eyes. **ENVIRONMENTAL HAZARDS:** This product is toxic to aquatic organisms. Do not allow waste water, effluent or runoff containing this product to enter lakes, streams, ponds or other waters.

USE PRECAUTIONS: Not recommended on Ferns, Nasturtiums, Sweet Peas. If in doubt about phytotoxicity of a plant cultivar, test a leaf or two, and wait at least 24 hours to see if any phytotoxic symptoms develop, before treating an entire group of plants. Do not spray open blooms.

FIRST AID: If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. **If in eyes,** hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If ingested,** call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: Triple- or pressure- rinse the empty container. Add the rinsings to the spray mixture in the tank. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. Make the empty container unsuitable for further use. Dispose of the container in accordance with provincial requirements. For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on this label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information.
