PRECAUTIONS

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL

May cause irritation of nose, throat, eyes and skin. Avoid contact with skin, eyes and clothing. Do not breathe dust. May be harmful if swallowed or inhaled or absorbed through skin.

Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

This pesticide is toxic to fish..Do not contaminate water when disposing of equipment washwaters.

FIRST AID

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION – May cause irritation of nose, throat, eyes and skin. Treat as above for skin contact. If taken internally, administer gastric lavage. Treat symptomatically.

DIRECTIONS FOR USE

For use only in the formulation of fungicides registered under the Pest Control Products Act. The formulator is responsible for obtaining a registration for its end use product.

STORAGE AND DISPOSAL

STORAGE: Keep away from fire or sparks. Store in cool, dry, well-ventilated place away from seed, fertilizers and other pesticides. Do not allow to become wet or overheated in storage; decomposition, impaired activity, or fire may result. Keep in original container, closed when not in use. If spilled during storage or handling sweep up spillage and dispose of in accordance with the disposal instructions listed below. Pallets of containers should not be stacked more than 3 high. Provide access aisles for each 2 rows. Decomposition produces foul odor due to formation of toxic, flammable gases; if observed, check for hot containers and remove immediately to open areas for disposal. Do not contaminate food or feed by storage or disposal.

DISPOSAL:

Canadian formulators using this product should dispose of unwanted product and containers in accordance with municipal or provincial regulations. For additional details and information on clean-up of spills, contact the Provincial Regulatory Agency or the Manufacturer.

NOTICE TO USER - This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
