Raid Defence System

Helps you work smarter, not harder, to fight bugs.

Visit www.Raid.ca to identify your bug and best treatment plan.

Tips:

Store ant-attractive foods in plastic containers with lids that snap tight.

Keep kitchen countertops clean.

Sweep or vacuum the floor often, especially around pet dishes.

Empty kitchen garbage containers often.

Repair and seal as many visible cracks in the foundation and exterior walls of your house as possible.

Indoors, caulk along baseboards, cracks and crevices to keep ants from passing through your house.

Use THIS product to: Kill (Bugs) on Contact:

Use (Raid® Ant, Roach, and Earwig Bug Killer 19) (this product) (indoors) to kill ants, roaches, and other listed insects on contact. (also) (keeps killing ants for up to 10 days.) Avoid spraying (this product) near (ant) baits to make sure ants can bring the bait back to the nest.

Use OTHER Raid® products to: Kill (bugs) at the Source:

Use a Raid® Ant Bait product to kill ants where they breed. (For heavy infestations, place multiple baits.)

Keeps on killing for up to 10 days

Kills on contact. Raid® Ant Roach & Earwig Bug Killer 19 kills ants, cockroaches, earwigs, spiders, multi-coloured Asian lady beetles, centipedes, silverfish and crickets when applied directly to the pest. It also keeps on killing ants, cockroaches, earwigs, spiders and crickets with long-lasting action after you spray for up to 10 days.

<<end of optional wording>>

DIRECTIONS FOR USE:

This product is ready to use. Always shake before use. Hold can upright while spraying. Within the specified use location, to enhance effectiveness of this product, apply directly to listed pests where possible. For all labelled uses, treatment must only be repeated after 10 days if the pest problem persists or reoccurs. Good sanitary practices should be maintained to prevent re-infestation.

FOR INDOOR USE AT BUILDINGS:

USE LIMITATIONS: **DO NOT** apply when people or pets are present. **DO NOT** allow people or pets to enter treated areas until sprays have dried. **DO NOT** apply to surfaces that may come into contact with food/feed. Cover or remove all food/feed. Cover all food/feed processing surfaces, equipment and utensils or thoroughly wash them following treatment. Any food/feed accidentally contaminated with spray solution must be discarded. **DO NOT** apply to overhead areas or in confined spaces (for example, attics, crawlspaces). **DO NOT** allow spray to drip or allow drift onto non-target surfaces. Ventilate treated areas after application by opening windows and doors or using fans, where required, to aid in the circulation of air.

HOW TO APPLY: **DO NOT** APPLY AS A SPACE SPRAY, PERIMETER, OR BROADCAST TREATMENT. Apply as a spot treatment only. Spot application is localized to a surface area not more than 0.2m². Spots are not to be adjoining. The combined area

2023-1858
17-08-2023

of spots is not to exceed 10% of the total surface area of a room. **DO NOT** apply any product containing cyfluthrin more than once every 10 days.

Shake well before each use. **DO NOT** exceed 1 second per 380cm² for all indoor surface applications.

To kill spiders, ants, cockroaches, earwigs, multi-coloured Asian lady beetles, centipedes, silverfish and crickets: Thoroughly treat indoor building surfaces, including cracks and crevices in walls, floors and ceilings; along and behind baseboards; walls behind and floors beneath appliances (e.g., refrigerators and stoves) and furniture (e.g., cabinets and storage units); around sinks, drains and pipes; localized areas around garbage cans; and other building elements where listed insects are found. For silverfish, also spray cracks and crevices in bookcases. Remove all objects before treatment of bookcases where books, clothing, toys, towels and other items are stored. Treated bookcases must be dry before replacing stored items. For ants, also spray trails, nests, and points of entry (e.g., around windows and doors). For spiders and centipedes, also spray localized areas of floors and floor coverings.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. May irritate skin. Avoid contact with skin. Wash hands after use. Cover fish aquariums before spraying.

CONTENTS UNDER PRESSURE. DO NOT place container in hot water or near radiators, stoves or other sources of heat. **DO NOT** puncture or incinerate the container. Keep away from open flames or sparks.

FIRST AID: If swallowed: Call a poison control centre or doctor immediately for treatment advice. **DO NOT** induce vomiting unless told to do so by a poison control centre or doctor. **DO NOT** give any liquid to the person. **DO NOT** give anything by mouth to an unconscious person. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If inhaled:** Move the person to fresh air. If the person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. **If in eye:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take the container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

This product contains petroleum distillates. Vomiting may cause aspiration pneumonia. Skin exposure may cause transient sensations (tingling, burning, itching, numbness). Other symptoms of exposure could include respiratory effects (such as cough, sore throat, or shortness of breath), nausea, dizziness. Treat symptomatically.

STORAGE: Store this product away from food or feed. **DO NOT** store at temperatures over 50°C.

2023-1858
17-08-2023

DISPOSAL: Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites. When container is empty, press valve to release all remaining pressure. Empty containers may be recycled in communities where (steel) aerosol can recycling is available. If recycling is not available, wrap and discard the empty container in household garbage. **DO NOT** reuse the empty containers.
