Horse barns, Dairy and Hog barns, Kennels and other Farm Structures or Buildings housing animals or poultry. DO NOT USE OR STORE IN OR AROUND THE HOME. To control: Houseflies, Horn Flies, Stable Flies, Horse Flies, Mosquitoes, and Gnats, apply as a space spray. Direct spray toward the ceilings, walls and upper corners of the room until the area is covered and filled with the spray, using about 57 grams per 305 cubic meters of space. For best results, close doors and windows before spraying, and keep them closed for ten to fifteen minutes after spraying. Before reoccupying, ventilate the area. Repeat application as necessary.

**PRECAUTIONS:** KEEP OUT OF REACH OF CHILDREN. Contents under pressure Do not place in hot water or near radiators, stoves or other sources of heat or store at temperatures over 50C. Do not get in eyes, on skin, or on clothing. Avoid inhalation of spray. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Do not apply directly to food, water or feed supplements. Do not apply directly to animals. Wash teats of dairy animals before milking.

**FIRST AID:** If in eyes: hold eye open and rinse slowly and gently with water for 15- 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison centre or doctor for treatment advice. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If swallowed: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth., if possible. Call a poison control centre for further treatment advice. Take container, label or product name and Pest Control Registration Number with you when seeking medical attention.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**DISPOSAL** When container is empty, press valve to release pressure. Do not puncture or incinerate. Dispose of empty container in accordance with provincial requirements. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for information on the clean-up of spills.

**STORAGE:** Store in a cool, dry place, away from heat or open flame

REVOLUTIONARY NEW EcoCan USES THE POWER OF AI, THE NEXT GENERATION IN SPRAY TECHNOLOGY

The ECOCAN delivers a silent jet without the use of CFC's or hydrocarbon propellants.

Unlike products that utilise the EcoCan, normal aerosol products require that a percentage of propellant be included, the purpose of which is to expel the contents out of the can.

The ECOCAN delivers a silent jet without the use of CFC's or hydrocarbon propellants

The ECOCAN uses air pressure rather than propellants

The ECOCAN contains no propellants

The ECOCAN does not need hydrocarbon propellants

Propellants no longer needed with EcoCan

SPRAYS IN ANY DIRECTION, EVEN UPSIDE DOWN

The EcoCan delivers a quiet spray
