DIRECTIONS FOR USE:

To be used in the manufacture of a pesticide that is registered under the PEST CONTROL PRODUCTS ACT or in the manufacture or repackaging of pest control products for export from Canada or to be converted into products that are not intended for use as pesticides.

PRECAUTIONS:

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Fatal or poisonous if swallowed. Fatal if inhaled. DO NOT get in eyes, on skin or on clothing. Irritating and corrosive to eyes and skin. Potential skin sensitizer. Known respiratory irritant. Avoid inhaling the vapour and handle in a well ventilated area. Wear chemical safety goggles and chemical resistant gloves. Have water readily available for use if eye or skin contact should occur.

Wash skin thoroughly with soap and large amounts of water after handling. Remove clothing immediately if contaminated. Wash contaminated clothing separately from household laundry. Avoid contact with surface or objects made of metal.

Do not contaminate water supply, ponds, lakes or streams with the product.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

FIRST AID:

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

STORAGE:

Store product in original container in a cool, dry and well-ventilated area away from sulphuric acid, oxidizing agents, and sources of ignition. Avoid heat, sparks, and open flames. Use caution when opening the container, especially in warm weather. Do not eat, drink or smoke in areas of use and storage.

DISPOSAL:

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal and provincial regulations. For additional details and clean up of spills, contact the manufacturer and the provincial regulatory agency.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
