DIRECTIONS FOR USE: To be used only in the manufacture of a pesticide registered under the *PEST CONTROL PRODUCTS ACT*.

PRECAUTIONS:

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL.

Potential Skin Sensitizer. Fatal if swallowed. May be fatal if absorbed through skin or inhaled. DO NOT get on skin and AVOID contact with clothing. DO NOT inhale or breathe sprays.

May irritate eyes. AVOID contact with eyes. In case of exposure to skin or face or other sensitive areas, some individuals may feel tingling/numbness (paraesthesia).

Wear protective clothing and equipment when handling containers (cap, safety glasses, coveralls, PVC or nitrile rubber gloves, and work boots).

Operations with Nufarm Lambda-Cyhalothrin Technical will require, in addition to above, PVC or nitrile rubber apron, face shield, and rubber boots.

Wash gloves and boots thoroughly with soap and water before removal.

Wash contaminated clothing before reuse. Do not transfer contamination to clean areas.

ENVIRONMENTAL PRECAUTIONS:

TOXIC to aquatic organisms.

Highly toxic to fish.

DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters.

FIRST AID:

If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Symptomatic and supportive therapy as indicated: no specific antidote is available. Following ingestion, adsorbents such as activated charcoal may be of value. For larger quantities ingested, gastric lavage may be effective when performed within 4 hours of ingestion. Ingestion by humans may produce non-specific symptoms, e.g. nausea, vomiting, abdominal pain, diarrhea. Larger doses may cause disturbance of the nervous system with tremors, ataxia, weakness of limbs, convulsions, coma and death from respiratory depression.

Skin exposure may cause transient sensations (tingling, burning, itching, numbness).

2021-3763
2022-04-29

Nufarm Lambda-Cyhalothrin Technical material is a mild skin and eye irritant, however, small traces on the skin may cause transient facial tingling/numbness (paraesthesia).

EMERGENCY TELEPHONE NUMBERS:

For spills or transportation accidents, Chemtrec, 1-800-424-9300.

For health or environmental emergencies, Prosar, 1-877-325-1840.

STORAGE:

Store in sealed container in a secure, dry, ventilated area away from freezing, direct sunlight and sources of heat and ignition.

DISPOSAL:

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal and provincial regulations. For additional details and clean up of spills, contact the manufacturer and the provincial regulatory agency.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *PEST CONTROL PRODUCTS ACT* to use this product in a way that is inconsistent with the directions on the label.
