KEEP OUT OF REACH OF CHILDREN

DANGER: EYE AND SKIN IRRITANT

POTENTIAL SKIN SENSITIZER

**DOMESTIC** 

NET CONTENTS: 1 L CONCENTRATE

Woodstream Canada Corporation Unit 1, 25 Bramtree Court Brampton, ON, L6S 6G2 1-800-800-1819

#### SHAKE WELL BEFORE USE.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.

#### **FIRST AID:**

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. **DO NOT** induce vomiting unless told to do so by a poison control centre or doctor. **DO NOT** give anything by mouth to an unconscious person.

IF ON SKIN/CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

# **TOXICOLOGICAL INFORMATON:** Treat symptomatically.

**DIRECTIONS FOR USE:** Safer's Trounce for Turf Mosquito and Tick Insecticide is a fast-acting, short-lived product. Apply Safer's Trounce for Turf Mosquito and Tick Insecticide using the hose-end applicator provided (attached). Applicator will accurately dilute this concentrated insecticide for treatment of lawns and turf. NOTE: Hard water (pH is above 7 and high in mineral content) can cause sprayer to clog. Use softened water whenever possible.

<u>To kill mosquitoes and ticks in lawns and turf</u>: Spray listed insects to wet when they first appear. Thorough coverage is essential to effectively kill these insects. To enhance effectiveness of this product, apply directly to the listed insects where possible. Complete contents of container (1 L) will provide approximately 140 - 240 square metres of coverage, depending on the severity of the pest problem. In areas with high pest populations, apply contents of container (1 L) evenly over 140 square metres. In areas with lower pest populations, coverage may be extended up to 240 square metres. **DO NOT** exceed 0.007 L per m<sup>2</sup>. Treatment must only be repeated after 10 days if pest problem persists or reoccurs.

CAUTION: Rate of delivery of product will vary depending on water pressure, location, time of day, length and diameter of hose, etc. Complete contents of container (1 L) can be sprayed in approximately 4-8 minutes.

### **Application Instructions:**

- 1. Read the complete label for application instructions and precautions. Make sure knob indicator is in the locked OFF position.
- 2. Shake well before attaching to hose.

- 3. Screw the longer end of the hose-end attachment onto the hose.
- 4. Turn faucet on.
- 5. Begin spraying by bending lock tab back and turning the knob clockwise until the indicator is in the ON position.
- 6. Walk at a steady pace spraying in a side-to-side arc slightly overlapping treated areas.
- 7. When spraying is complete, turn knob counter clockwise past the lock tab to stop product flow.
- 8. Turn off faucet.
- 9. Release pressure in the hose by turning knob clockwise until the indicator is in the WATER position.
- 10. When pressure has been released, turn the knob counter clockwise past the lock tab to the OFF position.
- 11. Unscrew bottle from hose. Store out of reach of children.

### FOR OUTDOOR USE ON LAWNS AND TURF AROUND BUILDINGS

**Use Limitations:** 

**DO NOT** apply to any body of water.

**DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

Avoid application of this product when winds are gusty.

**PRECAUTIONS:** KEEP OUT OF REACH OF CHILDREN. Product can cause skin and eye irritation. Avoid contact with skin and eyes. Potential skin sensitizer.

**DO NOT** apply when people or pets are present.

**DO NOT** allow people or pets to enter treated areas until sprays have dried.

**DO NOT** apply to surfaces that may come into contact with food/feed.

**DO NOT** apply using stationary handheld fogging or misting equipment.

**DO NOT** apply as a space spray.

**DO NOT** apply to blossoms or when temperatures exceed 28° C.

**DO NOT** use on sweetpeas, nasturtiums or delicate ferns. Schizanthus may be sensitive to topical foliar spraying. If in doubt about a sensitive species, spray a small test area on a plant before treating entire plant.

This product is toxic to fish. **DO NOT** apply where runoff is likely to occur. **DO NOT** contaminate streams, lakes or ponds.

#### **ENVIRONMENTAL PRECAUTIONS:**

Toxic to aquatic organisms. Toxic to bees. Avoid application around blooming plants. If applications must be made during the blooming period, restrict applications to evening when most bees are not foraging. Toxic to beneficial arthropods (which may include predatory and parasitic insects, spiders, and mites). Minimize exposure to non-target areas.

**STORAGE:** Store this product away from food or feed.

**DISPOSAL: DO NOT** reuse empty container or applicator. Dispose of applicator and empty container in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.
