Pentox Green Wood Preservative product is a water repellent wood preservative containing 2.39% copper, as in copper naphthenate, in petroleum solvents.

DIRECTIONS FOR USE

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. For exterior use only. Not for use in dwellings. For above ground use only.

Apply by brush only and not by spraying or dipping. Do not use this product, or treated wood where wood preservative may contaminate food, feed, or drinking water. Wood surface to be treated should be clean and dry. Remove all paint, varnish, wax, or any other coating that may prevent penetration. Allow to dry thoroughly before painting or recoating. Use caution with some paint finishes, as they may cause bleeding. Use as supplied – do not dilute. Do not apply to wood, or fabric, or any surface where prolonged skin contact may occur. May be used on greenhouse and garden timbers in close contact with non-food producing plants only. Wood preservative must be allowed to dry before introducing plants to prevent phytotoxicity. Clean brushes with mineral spirits, then with detergent and water. Heavy lumber requires more treatment. Treat all new cuts and trims. Drying time: minimum 1 hour before handling.

ENVIRONMENTAL HAZARDS

Toxic to aquatic organisms.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN and domestic animals. Keep container closed when not in use. Keep away from open flame, spark, or excessive heat while using, or in storage. Flammable. Keep product away from plants, foodstuffs, and aquatic animals (toxic to fish). Harmful if swallowed or inhaled. Avoid breathing vapours. Good ventilation is necessary while treating. Causes skin and eye irritation. Potential skin sensitizer. Avoid breathing vapours, contact with skin, eyes and clothing. Wear a long-sleeved shirt, long pants, socks, shoes and rubber gloves when

applying this product or handling freshly treated wood. Wash thoroughly after use with soap and water and before eating or smoking. Causes eye and skin irritation. Do not get in eyes or on skin. Do not use in saunas. Do not contaminate bodies of water. This product is toxic to fish.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Contains petroleum distillates. Vomiting may cause aspiration pneumonia.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

DISPOSAL & STORAGE

Do not reuse empty container. Dispose of empty container in household trash. Store unused product out of reach of children or animals. Do not store in areas of excessive heat.
