ECO-GUARD MARINE AND RV SPIDER & ANT KILLER

TO CONTROL SPIDERS, ANTS, BROWN DOG TICKS, COCKROACHES,
EARWIGS, FLEAS, AND BEDBUGS inside buildings and outdoors on the exterior surfaces of boats and RVs

AIR PRESSURIZED SPRAY
SPRAYS IN ANY DIRECTION, EVEN UPSIDE DOWN

WATER BASED SOLUTION
NON FOAMY, NON GREASY AND NON FLAMMABLE - LOW ODOUR

FAST ACTION
LONG-LASTING ACTIVITY AGAINST BROWN DOG TICKS, FLEAS AND SPIDERS

CONTAINS LEMONGRASS AND D-LIMONENE FRAGRANCES

INDOOR & OUTDOOR USE
NO PROPELLANT = MORE LIQUID SPRAY

DOMESTIC

REG. NO. 31637 P.C.P. ACT
READ THE LABEL BEFORE USING

Active Ingredient: Permethrin ... 0.35%

KEEP OUT OF REACH OF CHILDREN

DIRECTIONS FOR USE

General Information: Permethrin is a synthetic version of pyrethrins. Pyrethrins have long been known for rapid knockdown of insects. Although permethrin is more stable than pyrethrins, it is still degraded by the ultraviolet rays of the sun. This results in a relatively short residual life in the presence of sunlight. When protected from the sun, permethrin will provide residual/long lasting activity.

ECO-GUARD MARINE AND RV SPIDER & ANT KILLER is ready to use. within the specified use location, to enhance effectiveness of this product, apply this product directly to the listed pest where possible.

Restrictions: DO NOT apply to any body of water. DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. Avoid application of this product when winds are gusty. DO NOT contaminate food/feed. DO NOT apply to surfaces that may come into contact with food/feed DO NOT apply when people or pets are present. DO NOT allow people or pets to enter treated areas until sprays have dried. DO NOT allow spray to drip or allow drift onto non-target surfaces. DO NOT apply to people, pets, or sources of electricity. DO NOT apply to furniture, mattresses, linens, toys or clothing. DO NOT apply to overhead areas or in confined spaces (for example, attics, crawlspaces, small storage rooms, closets). Ventilate treated areas after application by opening windows and doors or using fans where required to aid in the circulation of air. DO NOT apply in areas where plants are grown for food or feed (e.g. vegetables, fruit, herbs). DO NOT apply as a space spray or broadcast application. When used on the exterior of boats and RVs, DO NOT treat soil, turf or other plants adjacent to the vehicle.

The application of this product to vinyl and aluminum siding (particularly lightly colored, aged, weathered or otherwise damaged) may result in staining, bleaching or discoloration. Factors such as extreme heat and direct sunlight can promote damage. Before applying, treat a small area of the siding and evaluate 30 minutes later to allow any potential staining to occur. Regardless of the test results, do not apply to vinyl or aluminum siding while exposed to direct sunlight or during the heat of the day. Do not apply to tapestries, wall paper or similar materials that may be stained. For all other surfaces, test a small inconspicuous area of the surface to be treated for color fastness & staining before full application.

How to Apply: DO NOT apply as a space spray or broadcast application. Apply as a crack and crevice or spot treatment only. Spot application is localized to a surface area not more than 0.2 m². Spots are not to be adjoining. The combined area of spots is not to exceed 10% of the total surface area of a room. Crack and crevice is an application directly into narrow openings on the surface of the structure. It does not include the treatment of exposed surfaces. Narrow openings typically occur at expansion joints, utility entry points and along baseboards and mouldings.

Instructions for inside buildings:

To Control Ants, Cockroaches, Earwigs, and Spiders: Direct the spray into hiding places, cracks, crevices, behind shelves and drawers. For ants, cockroaches and spiders, also spray along door sills, trim openings around sinks, drains and pipes, behind stoves and refrigerators, around window frames, in localized areas around interior walls. For ants, also spray trails, nest and points of entry. Spray directly into cracks, crevices and infested areas of shelving. Treatment must only be repeated after 7 days if pest problem persists or reoccurs.

To Control Fleas (Adult and Larvae) And Brown Dog Ticks (Adult and Nymphs): Thoroughly spray infested areas, pet beds, resting quarters, nearby cracks and crevices, along and behind baseboards, moldings, window and doorframes. Fresh bedding should be placed in animal quarters following treatment. Allow to dry thoroughly before allowing pets to contact treatment areas. Treatment must only be repeated after 7 days if pest problem persists or reoccurs. DO NOT spray pets with this product. Only treat pets with products specifically registered for use on that type of pet. For effective flea and tick control indoors, clean any area used by the pet. Cleaning the areas includes vacuuming floors, carpets, furniture, etc. (discard vacuum bag after use) and washing the pet's bedding, living quarters, and surrounding area.

To Control Bed Bugs: Apply spray directly into cracks and crevices along and behind baseboards and moldings; and

localized areas or walls behind and floors beneath furniture (e.g. bed and nightstand). Apply directly to insect if possible. Treatment must only be repeated after 7 days if pest problem persists or reoccurs.

Outdoors on the Exterior Surfaces of Boats and RVs:

To Control Ants and Spiders: Spray outside surfaces of points of entry (screens, doors, cockpits, awnings, window frames, light fixtures) on the vessel/vehicle. Treatment must only be repeated after 14 days if pest problem persists or reoccurs.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN. Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat or store at temperatures over 50C. DO NOT use as a space spray. Do not use in areas where food is handled, prepared or stored. Wash thoroughly after handling and before smoking or eating. Remove pets and birds and cover fish aquariums before surface applications. After use and at least one (1) hour drying time, wash all surfaces that may contact food. Do not use on humans. Do not allow people or pets to contact treated areas until surfaces are dry.

ENVIRONMENTAL PRECAUTIONS

This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to lakes, rivers, streams, ponds, tidal marshes and estuaries. Do not contaminate the above mentioned aquatic areas through spray drift, cleaning of equipment or disposal of waste. Toxic to aquatic organisms. Toxic to birds. Toxic to bees. Toxic to beneficial insects.

FIRST AID

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

If in eyes: hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

TOXICOLOGICAL INFORMATION

Treat symptomatically.

DISPOSAL

When container is empty, press valve to release pressure. Do not puncture or incinerate. Wrap empty container and discard in household garbage.
