1 disposable bait station containing 1 x 28 g bait block
up to
16 disposable bait stations containing 16 x 28 g bait blocks

Manufactured by: Motomco, 3699 Kinsman Blvd., Madison, WI 53704 USA
Tel: 608-241-0202

PRECAUTIONS: KEEP AWAY FROM CHILDREN, PETS AND LIVESTOCK. Bait station contents may be harmful or fatal if swallowed or absorbed through the skin. Rubber gloves must be worn when collecting and disposing of emptied bait stations, unconsumed bait and dead rodents. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Wash skin thoroughly with soap and water after handling. Wash contaminated clothing, separately from other laundry, with soap and water before reuse. **KEEP AWAY FROM FEED AND FOODSTUFFS.**

2013-3927

2014-01-06

FIRST AID: If in eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. For all cases of human ingestion, immediately notify a physician or Poison Control Centre. If a pet or livestock poisoning is suspected, immediately contact a veterinarian. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Tomcat Mouse Killer is not an anticoagulant type rodenticide. If ingested, limit absorption by either emesis or gastric lavage. Sublethal symptoms, if present, would be the result of cerebral edema and should be treated accordingly through the administration of an osmotic diuretic and corticosteroid.

ENVIRONMENTAL HAZARDS: This product is toxic to fish, birds, and wildlife. Keep out of lakes, rivers, streams or ponds.

DIRECTIONS FOR USE

Use bait to control House mouse (*Mus musculus*) indoors.

This product is not to be used outdoors, or in areas where there is a possibility of contaminating sources of drinking water.

USE LIMITATIONS: This bait station may be used in indoor areas accessible to children, consistent with all use restrictions and other requirements indicated on this label. **DO NOT USE THIS PRODUCT OUTDOORS OR IN AREAS ACCESSIBLE TO PETS, DOMESTIC ANIMALS OR NON-TARGET WILDLIFE.** DO NOT place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food.

SELECTION OF TREATMENT AREAS: Determine areas where mice will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been observed. Remove as much food as possible.

APPLICATION DIRECTIONS:

Use 1 bait station per placement. Place the bait station at highest point of activity beside burrows, along a wall or in corners where mice or their signs have been seen. If additional units are to be used, place bait stations at 2 to 4 metre intervals. Maintain an uninterrupted supply of fresh bait for at least 7 days. Continue baiting until signs of mouse activity cease in infested areas.

2014-01-06

Collect and dispose of bait stations with unconsumed bait and dead exposed animals according to local requirements and/or the disposal instructions found on this label. To prevent reinfestation, eliminate food, water, and harborage as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of infestation is present, establish permanent bait stations and replenish bait as needed.

DISPOSAL: Do not reuse empty container. Wrap unwanted or damaged bait station and discard in household garbage. **DO NOT** use damaged bait stations.

RODENT DISPOSAL: Dispose of dead rodents in garbage or by burying.

STORAGE: Store in cool, dry place away from other chemicals and food or feed. Store product not in use, in original container, in a secure location inaccessible to children and non-target animals.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
