DIRECTIONS FOR USE

SHAKE CONTAINER WELL BEFORE USING. Remove protective cap and gently insert the extension tube into the spray nozzle before using. This product is designed for applying into cracks, crevices, or tight areas that are difficult to reach. Thorough applications produce a coating which will vaporize into cracks and crevices for insect control.

Within the specified use location, to enhance effectiveness of this product, apply directly to the listed pests where possible. When applied indoors, good sanitary practices should be maintained to prevent re-infestation.

HOW TO APPLY

INDOOR USE

DO NOT APPLY AS A SPACE SPRAY, PERIMETER OR BROADCAST TREATMENT. Apply as a crack and crevice treatment only. Crack and crevice is an application directly into narrow openings on the surface of the structure. It does not include the treatment of exposed surfaces. Narrow openings typically occur at expansion joints, utility entry points and along baseboards and mouldings.

To control ants: Thoroughly treat indoor building surfaces in hard to reach areas including, cracks, crevices in walls, floors and ceilings; along and behind baseboards; around water pipes and tanks; walls behind and floors beneath appliances (e.g., refrigerators and stoves) and furniture (e.g., shelves, drawers, cabinets and storage units); around sinks, drains and pipes; around interior foundations; garbage cans; localized areas of floors and floor coverings; and points of entry (e.g., around windows and doors). Do not spray this product in areas where it can be mopped away. **DO NOT** exceed 7 seconds per m². Treatment must only be repeated after 7 days if pest problem persists or reoccurs.

FOR OUTDOOR USE ON ANT HILLS

To control ants: Gently insert (the wand or application wand or the extension tube) as far as possible into cracks and crevices in driveways, patios, sidewalks, or interlocking brick where ants hide. (Pull or Push or Depress (trigger or nozzle) and allow foam to fill the area. Stop spraying when the foam comes back out the crack or crevice. For best results, treat all cracks and crevices in the area where ants are found. **DO NOT** exceed 7 seconds per m². Treatment must only be repeated after 7 days if pest problem persists or reoccurs.

USE LIMITATIONS FOR ALL USES

RESTRICTIONS: **DO NOT** apply to any body of water. **DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. Avoid application of this product when winds are gusty. **DO NOT** apply to surfaces that may come into contact with food/feed. Cover or remove all food/feed. Cover all food/feed processing surfaces, equipment and utensils or thoroughly wash following treatment. **DO NOT** apply when people, pets or livestock are present. **DO NOT** allow people, pets or livestock to enter treated areas until sprays have dried. **DO NOT** allow spray to drip or allow drift onto non-target surfaces. **DO NOT** apply to sources of electricity. **DO NOT** apply to furniture,

mattresses, linens, toys, or clothing. **DO NOT** apply to overhead areas or in confined spaces (for example, indoors in attics, crawlspaces, small storage rooms, closets and outdoors to eaves, soffits). When applied indoors, ventilate treated areas after application by opening windows and doors or using fans where required to aid in the circulation of air. When applied outdoors, **DO NOT** apply in areas where plants are grown for food or feed (e.g., vegetables, fruit, herbs).

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin, or clothing. **DO NOT USE ON ANIMAL FEED AREAS.** May cause skin and/or eye irritation. Contents under pressure. **DO NOT** place in hot water or near radiators, stove or other sources of heat, or store at temperatures over 50°C.

ENVIRONMENTAL PRECAUTIONS: Toxic to aquatic organisms. Toxic to bees. Avoid application around blooming plants. If applications must be made during the blooming period, restrict applications to evening when most bees are not foraging. Toxic to beneficial arthropods (which may include predatory and parasitic insects, spiders, and mites). Minimize exposure to non-target areas. Toxic to aquatic organisms, birds, bees and beneficial insects.

FIRST AID: IF ON SKIN OR CLOTHING, Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **IF IN EYES,** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **IF SWALLOWED,** Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. **IF INHALED,** move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Skin exposure may cause transient sensations (tingling, burning, itching, numbness). Other symptoms of exposure could include respiratory effects (such as cough, respiratory irritation, or shortness of breath), nausea, headache or dizziness. This product contains petroleum distillate. Vomiting may cause aspiration pneumonia. Treat symptomatically.

STORAGE: Store this product away from food or feed

DISPOSAL: When container is empty, press button to release all pressure. **DO NOT** re-use the empty containers. **DO NOT** throw into fire. Wrap in newspaper and then discard in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
