**Spin Out® 260**  
**Manufacturing Concentrate**  
Root Growth Regulator  
Suspension  
FOR MANUFACTURING USE ONLY

**POISON**

**DANGER - CORROSIVE TO EYES, SKIN IRRITANT**  
**PREVENT ACCESS BY UNAUTHORIZED PERSONNEL**  
**READ THE LABEL BEFORE USING**

ACTIVE INGREDIENT: Elemental copper present as copper hydroxide 12.8%  
Contains 1,2-benzisothiazolin-3-one at 0.019 % as a preservative.

REGISTRATION NO. 29255 PEST CONTROL PRODUCTS ACT  
Net Contents: 113 - 950 Litres

**SePRO Corporation**  
**Suite 600 – 11550 North Meridian Street**  
**Carmel, Indiana 46032-4565**  
**(317) 580-8281**

## **DIRECTIONS FOR USE**

To be used only in the manufacture of a growth control regulator registered under the PEST CONTROL PRODUCTS ACT.

## **PRECAUTIONS**

### **KEEP OUT OF REACH OF CHILDREN AND PREVENT ACCESS BY UNAUTHORIZED PERSONNEL.**

Harmful if swallowed, CORROSIVE TO EYES, DO NOT get in eyes, may irritate skin, avoid contact with skin. Harmful if inhaled. Avoid inhaling/breathing vapour or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Wear a NIOSH-approved cartridge respirator, coveralls over a long-sleeved shirt and long pants, chemical resistant gloves and goggles or a face shield while handling the product (e.g., loading, application, and during clean-up and repair activities). Apply in a well-ventilated area.

## **ENVIRONMENTAL PRECAUTIONS**

TOXIC to aquatic organisms. DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

## **FIRST AID**

**If on skin or clothing**, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

**If swallowed**, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**If in eyes**, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**If inhaled**, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

## **TOXICOLOGICAL INFORMATION**

**Emergency medical treatment:** Treat symptomatically. Acute oral overexposure to copper hydroxide, a major component of this product, may cause hypotension, haemolysis, and rarely, methemoglobinemia. Severe intoxication is associated with serum copper levels greater than 500 mcg/dl. Copper hydroxide is emetic, however, dilution with fluids, absorption with activated charcoal, or lavage may be indicated. Chelation therapy with BAL or D-penicillamine has proved useful in cases of acute exposure. Unless extensive vomiting has occurred, empty the stomach by gastric lavage with water,

milk, sodium bicarbonate solution or a 0.1% solution of potassium ferrocyanide (Gosselin, Clinical Toxicology of Commercial Product, 5th edition). Administration of gastric lavage should be performed by qualified medical personnel. Probable mucosal damage may contraindicate use of gastric lavage.

## **STORAGE**

Store this product away from food or feed. Store in a cool, dry place. Store above 0°C and protect from freezing.

## **DISPOSAL**

DO NOT reuse this container for any other purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Dispose of the rinsings in accordance with provincial requirements.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

For information on disposal of unused, unwanted product, or in the case of a spill or spill clean-up, contact the manufacturer and the provincial regulatory agency.

Returnable containers:

DO NOT reuse this container for any other purpose. This empty container may be returned to the point of purchase (distributor/dealer) for disposal.

For information on disposal of unused, unwanted product, or in the case of a spill or spill clean-up, contact the manufacturer and the provincial regulatory agency.

## **NOTICE TO USER**

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the PEST CONTROL PRODUCTS ACT to use this product in a way that is inconsistent with the directions on the label.
