Use **Total WipeOut® Garden & Patio Weed Control**, a non-selective herbicide, to control **undesirable weeds, grass and moss, algae, liverworts and lichens in and around the garden, sidewalks, driveways, patios and more.** Non-selective control and rapid burn down suppression of annual and perennial broadleaf and grass weeds, such as (but not limited to): crabgrass, pigweed (amaranth), morning glory, , carpetweed and burning nettle.

- **EASY TO USE**  
Cartridge is ready to use  
Simply insert in SmartOnes™ Precision Sprayer
- **EFFORTLESS**  
No mixing required  
Just load 'n spray
- **BETTER RESULTS**  
Visible effects within hours  
No residual soil activity

**DIRECTIONS FOR USE: For weeds and undesirable grasses** – apply to young, actively growing plants, less than 12 cm (4.7 in) high. Repeat every two to three weeks to control new growth from seeds and re-growth from biennial and perennial weeds. Plant damage will be visible from a few hours to two days after treatment. **For mosses, algae, liverworts and lichens** - complete coverage is extremely important. One application may last up to one year. Repeat treatment if re-growth occurs. Avoid spraying any green plant parts of desirable plants. Reapply if rain falls within three hours of treatment. Works best during warm, dry conditions, but also works in cold weather. Visible plant damage may be delayed in cold conditions.

**No dilution or mixing needed – just load and spray!**

- Remove protective cap and retain for storage of unused product.
- To activate, set locking dial to ON. Set to OFF when not in use.
- Insert cartridge upside down in the cone of the SmartOnes™ Precision Sprayer.
- Lock handle firmly in place.
- Place the SmartOnes™ Precision Sprayer over the weed to be treated.
- Gently push handle down to release the product. Spray covers an area 8.9 cm (3.5 inches) in diameter.

**Caution: Treated surfaces may be slippery when wet.**

**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.** May irritate eyes. Avoid contact with eyes. Use only in well ventilated areas. For good hygiene practice, wear gloves when handling this product. Avoid direct application to ponds, streams and lakes. **DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**FIRST AID: If swallowed,** call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. **If in eyes,** hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, and then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If on skin or clothing,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If Inhaled,** move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**DISPOSAL:** Do not reuse empty cartridge. Wrap empty cartridge and discard in household garbage.
