DIRECTIONS FOR USE:

USE ONLY AS DIRECTED ON THIS LABEL. NOT FOR USE INSIDE DWELLINGS.

Application instructions: For Outdoor Use to Kill Bees and Wasps (including hornets and yellow jackets) in their nest. The best time to apply the product to nests is in late evening or early morning, during cooler temperatures, and when most bees and wasps are at rest inside the nest. Observe for little activity around the nest opening. Apply only if the air is still. Stand at a safe distance of 2 to 2.5 m from the nest. DO NOT stand directly under the nest. Treated insects may fall out of the nest and die.

Hold container upright at arm's length. Point the spray nozzle in direction of the bee or wasp nest. First, spray into the opening of the nest. Then spray the rest of the nest until it is saturated. Allow sufficient time for insects to die. Wait at least 48 hours or until no signs of activity before removing the nest. Treatment must only be repeated if pest problem persists or reoccurs.

Restrictions: For outdoor use only. DO NOT apply to any body of water. DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. Avoid application of this product when winds are gusty. DO NOT apply when people, pets or livestock are present. DO NOT allow people, pets or livestock to enter treated areas until sprays have dried. DO NOT allow spray to drip or allow drift onto non-target surfaces. Avoid spraying vegetation and non-target structural surfaces. Hose off any plants or non-target structural surfaces that are contacted with spray with water. DO NOT apply to people, pets, livestock or sources of electricity. DO NOT contaminate food/feed. DO NOT apply to surfaces that may come into contact with food/feed. Cover or remove all food/feed. Cover all food/feed processing surfaces, equipment and utensils or thoroughly wash following treatment. DO NOT use as a space spray or broadcast application.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed, inhaled or absorbed through skin. Do not breathe vapors or spray mist. Causes moderate eye irritation. May irritate skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Do not apply this product around equipment due to possibility of shock hazard. Provide adequate ventilation of area being treated. Contents under pressure. Do not puncture or incinerate container or spray near open flame or spark, or while smoking. Do not place in hot water or near radiators, or stoves or other sources of heat, or store or use above 50°C as container may burst. Do not spray asphalt shingles, as this product may stain them.

ENVIRONMENTAL PRECAUTIONS:

Toxic to aquatic organisms. Toxic to birds. Toxic to bees and wildlife. Toxic to beneficial insects.

FIRST AID:

If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. **If on skin or clothing,** take off contaminated clothing. Rinse skin immediately with

plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If inhaled**, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. **If in eyes**, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and PCP Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Contains petroleum distillate. Vomiting may cause aspiration pneumonia. Treat symptomatically.

DISPOSAL:

Do not reuse empty container. When container is empty, press valve to release all remaining pressure. Wrap container in several layers of newspaper and discard in garbage.

STORAGE:

Store in a cool dry area away from heat.
