Multi-Bug Killer
Kills House Flies and Mosquitoes in the home

<<Secondary Panel>>

DIRECTIONS FOR USE: Shake before using. Point spray nozzle away from face and press button, holding container as upright as possible. Remove pets, birds and cover fish tanks/turn off air pumps prior to application.

TO KILL FLYING INSECTS:

For **FLIES and MOSQUITOES:** For the average size room (30 cubic metres) spray in a slow sweeping motion for 8 to 10 seconds starting from the middle of the room and backing toward the door, directing the spray to all areas of the room while keeping about 1 metre from walls, fabrics and furniture. For fast knockdown, spray directly at flying insects. Do not remain in treated area. Keep room closed for 15 minutes. Ventilate room thoroughly before re-entry. It is recommended to check for potential staining and damage in an inconspicuous place before treating a large area. Do not use in food handling, storage or preparation areas while food is present.

Must only be used as a SPACE SPRAY; DO NOT direct spray towards any surfaces
NOT FOR USE AS A BROADCAST, SPOT, OR CRACK & CREVICE SPRAY
NOT FOR USE ON INDOOR HOUSEPLANTS (including in GREENHOUSES)

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. May irritate eyes . Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling. Provide adequate ventilation of area being treated. Do not apply to humans, pets, plants, or contaminate feed, foodstuffs, dishes or utensils. Cover and avoid spraying fish aquariums. Cover or remove exposed food, dishes, utensils and food handling equipment. Do not apply directly to water. This pesticide is toxic to fish. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. CONTENTS UNDER PRESSURE. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture or incinerate container or store at temperatures over 50°C.

FIRST AID:

If swallowed - Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If on skin or clothing - Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled - Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes - Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention..

ENVIRONMENTAL HAZARDS: Toxic to aquatic organisms.

TOXICOLOGICAL INFORMATION: Contains petroleum distillates. Vomiting may cause aspiration pneumonia.

DISPOSAL: When empty, press button to release pressure and discard in household garbage. Do not puncture or incinerate. This container may be recycled in communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by following the procedure described above.

STORAGE: Store in a cool, dry place away from heat or open flame.
