SANITIZED (USA) INC.

PL 18-33

Mildewcide

Solution

An industrial microbicide

INDUSTRIAL

ACTIVE INGREDIENT

2-n-Octyl-4-isothiazolin-3-one 45%

**KEEP OUT OF REACH OF CHILDREN
READ THE LABEL BEFORE USING**

**REGISTRATION NO. 33276
PEST CONTROL PRODUCTS ACT**

DANGER

CORROSIVE

POISON

**CORROSIVE TO EYES
SKIN IRRITANT
POTENTIAL SKIN SENSITIZER**

For use as a material preservative in non-food contact materials and products

NET CONTENTS: 50 Kg.
BATCH NO.:
MANUFACTURING DATE:

PL 18-33 weighs 1.03 Kg/Litre

REGISTRANT:
SANITIZED (USA) INC.
15720 Brixham Hill Avenue, Suite 300
Charlotte, NC, 28277, U.S.A.
1-864-680-5084

DIRECTIONS FOR USE

For use as a material preservative in non-food contact materials and products.

DO NOT discharge effluents containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters unless the effluent has been detoxified to suitable means.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

POLYMER COMPOUNDS: For use as a mildewcide in PVC polyurethane. Use 1.2 kilograms of PL-18-33 Mildewcide per 1000 litres of compounded polymer system. To insure uniform distribution throughout the formulation it is recommended that PL-18-33 Mildewcide be pre-blended with plasticizer or other liquid ingredients before the final formulation step. DO NOT use for polymer compounds for toys.

COMPATIBILITY

PL-18-33 Mildewcide is compatible with most raw materials used in microbiologically susceptible products. However, it may be deactivated by ammonia and amines at higher pH's. Contact of PL-18-33 Mildewcide with strong oxidizing or reducing agents should also be avoided. Stabilizers can be used to protect the PL-18-33 Mildewcide. Sanitized (USA) Inc.'s technical service facilities will gladly assist in identifying a suitable stabilizer, or a method of stabilization, appropriate to your particular formulation.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN. Fatal or poisonous if swallowed. Harmful if inhaled. Avoid breathing vapour or mist. Corrosive to the eye. Severely irritating to the skin. DO NOT get in eyes, on skin or on clothing. Potential skin sensitizer. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco.

Wear long-sleeved shirt, long pants, chemical-resistant gloves, goggles or face shield and a NIOSH-approved organic vapour-removing cartridge with a prefilter approved for pesticides OR a NIOSH-approved canister approved for pesticides during mixing, loading, application, clean up, maintenance, and repair. A respirator is not required for mixers/loaders/applicators using a closed mixing/loading system.

ENVIRONMENTAL HAZARD

TOXIC to aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product.

FIRST AID

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or

doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be required.

STORAGE:

To prevent contamination store this product away from food or feed. This product is corrosive to mild steel. Do not store or transport in unlined metal containers. Do not contaminate with strong oxidising or reducing agents. Keep container closed. Use with adequate ventilation. Open dumping is prohibited.

DISPOSAL:

1. Triple or pressure-rinse the empty container. Add the rinsing to the spray mixture in the tank.
2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
3. Make the container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for information on the clean-up of spills.

Do not reuse this container for any purpose. For disposal this empty container may be returned to the point of purchase (distributor/dealer).

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
