Scotts Canada Ltd.
2000 Argentia Road
Plaza #2, Suite 300
Mississauga, Ontario
L5N 1V8
1-800-668-5669

DIRECTIONS FOR USE:

For crack and crevice use, remove protective cap and insert the extension tube into the spray nozzle.

Bed Bugs: Before application, shake container for a few seconds, then spray an even layer onto surface to be treated. Apply as a crack and crevice, spot or void treatment. Take beds apart, spray all frames and joints. Spray mattress, particularly around seams tufts, folds and edges. Treat box springs, bed frame and other furniture where these insects may be found. Cover with clean bedding before using. Bed bugs may also be found in areas of the room away from the bed or furniture. Spray directly into cracks and crevices where these pests are found or may hide along and behind baseboards, moldings and floors underneath objects (e.g. floors underneath bed and nightstand). Apply to wall voids, behind wall hangings, floor molding, window casings, carpet edge, and other cracks and crevices or voids. Apply directly to the bed bug if possible. Repeat as required.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Do not use in presence of open flame or spark or while smoking. CONTENTS UNDER PRESSURE. Container may explode if heated. Do not expose to temperature above 50°C /122°F. Avoid breathing dust and vapours. Avoid contact with eyes, skin or clothing. Use adequate ventilation when handling, during application, and clean-up activities. When used indoors in residential settings, do not apply in the immediate vicinity of people or pets. Wash hands after use. Do not use as a general space spray.

DISPOSAL:

When container is empty, press the valve to release all remaining pressure, then dispose of the empty container in accordance with provincial requirements. Do not puncture or incinerate.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. **Do not** give **any** liquid to the person. Do not give anything by mouth to an unconscious person. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take the container, label or

product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically. Contains petroleum distillate - vomiting may cause aspiration pneumonia.
